

# M1/M14 MIL-SPEC CLEANING KIT - JOHN MASEN M14 KIT

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

## Authentic, Issue Kits for Restoration & Field Use

Genuine, unissued GI components provide authentic restoration for the M1 Garand or when building a GI-type M1A. Makes a great take-along kit for range and field use with non-military .30 caliber rifles, too. Kits include cleaning rod sections and combination tool handle, bore brush, patch loop, and cloth case. M10 Combination Tool from the M1 Garand kit also available separately.

# M1/M14 MILSPEC CLEANING KIT JOHN MASEN M14 KIT Safety Instruction Guide

## Introduction

Thank you for choosing the M1/M14 MILSPEC CLEANING KIT from JOHN MASEN. This product is designed to provide you with the necessary tools for maintaining your M1 Garand or G1type M1A rifles, as well as nonmilitary .30 caliber rifles. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the cleaning kit.
- Always handle the cleaning kit and its components responsibly.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning kit for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the cleaning rod sections and combination tool handle only as intended.
- Avoid using excessive force when cleaning to prevent damage to your rifle or the cleaning tools.
- Always point the bore brush and cleaning rod away from yourself and others during use.
- Wear safety goggles to protect your eyes from debris when cleaning.
- Ensure that the rifle is unloaded and pointed in a safe direction before starting any cleaning procedure.
- Do not use the cleaning kit components for any purpose other than cleaning firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and in a safe position.
- Gather all components from the cleaning kit: cleaning rod sections, combination tool handle, bore brush, patch loop, and cloth case.

### 2. Assembling the Cleaning Rod:

- Connect the cleaning rod sections by screwing them together securely.
- Attach the combination tool handle to one end of the cleaning rod.

### 3. Using the Bore Brush:

- Attach the bore brush to the opposite end of the cleaning rod.
- Insert the bore brush into the rifle's barrel from the chamber end.
- Gently push and pull the brush through the barrel to remove fouling.

### 4. Using the Patch Loop:

- Remove the bore brush and attach the patch loop to the cleaning rod.
- Insert a cleaning patch into the loop and moisten it with appropriate cleaning solvent.
- Insert the patch into the rifle's barrel and pull it through to clean the interior surfaces.

### 5. Storing the Cleaning Kit:

- After use, clean all components with a dry cloth.
- Store the cleaning kit in the provided cloth case to protect it from damage and contamination.
- Keep the cleaning kit in a cool, dry place away from direct sunlight.

## **Disposal Instructions**

- Dispose of any used cleaning patches, solvent containers, and other waste materials in accordance with local regulations.
- Do not dispose of the cleaning kit components in regular household waste.
- Check with local waste management authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the M1/M14 MILSPEC CLEANING KIT, please refer to the product packaging for contact information or consult the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your M1/M14 MILSPEC CLEANING KIT. Thank you for your attention to safety.
