

ANTI CANT DEVICE - MOUNTING SOLUTIONS PLUS 30MM BLACK ANTI CANT DEVICE

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

Stay On Target, Shot After Shot

Gives an instant check to make sure the gun is perfectly level for every shot, so every shot goes where it's aimed. If you sighted in carefully at 100 yards with the crosshairs level, then canted the gun just six degrees you'd move the next shot over 1/2". Not much, but enough to completely miss a small target, or wound a larger one. The problem gets worse at longer ranges. Clamp the ACD on the scope tube where it's visible to the non-sighting eye.

Safety Instruction Guide for ANTI CANT DEVICE MOUNTING SOLUTIONS PLUS 30MM BLACK ANTI CANT DEVICE

Introduction

Thank you for choosing the ANTI CANT DEVICE MOUNTING SOLUTIONS PLUS 30MM BLACK ANTI CANT DEVICE. This device is designed to help ensure your firearm is level for accurate shooting. Please read this safety instruction guide carefully to understand how to use and maintain this product safely.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm use.
- Regularly inspect the device for any signs of wear or damage before each use.
- Keep the device out of reach of children and unauthorized users.
- Report any unsafe product experiences or accidents to the relevant authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always handle firearms safely and responsibly.
- Ensure the device is securely clamped onto the scope tube before use.
- Do not exceed the manufacturer's recommended specifications for the device.
- Avoid using the device in adverse weather conditions that may affect visibility or functionality.
- Be aware of your surroundings and ensure a clear line of sight when aiming.

Instructions for Installation and Usage

1. Installation

- Locate the scope tube on your firearm.
- Ensure the area is clean and free from debris.
- Clamp the ANTI CANT DEVICE securely onto the scope tube, ensuring it is visible to your nonsighting eye.
- Confirm that the device is level before proceeding.

2. Usage

- Before taking a shot, check the level of the device to ensure your firearm is aligned.
- If the device indicates a cant, adjust your firearm until the device shows it is level.
- After shooting, check the device for any signs of damage or misalignment.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the device is damaged beyond repair, ensure it is disposed of safely to prevent any potential hazards.

Contact Information for Further Support

For any inquiries or further support regarding the ANTI CANT DEVICE MOUNTING SOLUTIONS PLUS 30MM BLACK

ANTI CANT DEVICE, please refer to the contact information provided on the packaging or user manual.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your new anticant device responsibly.
