Ejector for Mossberg® 500 Safety Instruction Guide

Introduction

Thank you for choosing the Ejector for Mossberg® 500. This product is designed as a factory replacement ejector for Mossberg 500, 590, and Maverick 88 shotguns chambered in 12 gauge and 20 gauge. To ensure your safety and the proper functioning of your firearm, please read this safety instruction guide thoroughly before installation and use.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Store your firearm and its components in a secure location, out of reach of children and unauthorized users.
- Ensure that you are familiar with the operation of your specific firearm model before attempting to install or use the ejector.
- Use appropriate eye and ear protection when handling firearms.
- Regularly inspect your firearm and its components for wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is completely unloaded before attempting to install or replace the ejector.
- Do not attempt to modify the ejector or any other firearm components.
- Only use this ejector with compatible models (Mossberg 500, 590, and Maverick 88).
- Follow all local laws and regulations regarding firearm use and modifications.
- Be aware of the potential hazards associated with handling firearms, including accidental discharge.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (e.g., screwdrivers, wrenches).

2. Removing the Old Ejector:

- Disassemble the firearm according to the manufacturer's instructions.
- Locate the existing ejector and remove any screws or fasteners holding it in place.
- Carefully detach the old ejector from the firearm.

3. Installing the New Ejector:

- Position the new ejector in the designated area.
- Secure the ejector using the appropriate screws or fasteners.
- Ensure that the ejector is properly aligned and firmly in place.

4. Reassembling the Firearm:

- Follow the manufacturer's instructions to reassemble the firearm.
- Conduct a function check to ensure that the ejector operates correctly.

5. Usage:

- Always follow safe handling practices when using the firearm.
- Regularly check the ejector and other components for signs of wear or damage.

Disposal Instructions

- Dispose of any old ejectors or components in accordance with local regulations.
- Do not dispose of firearm parts in regular household waste.
- Check with local authorities for proper disposal methods for firearm components.

Contact Information for Further Support

For further assistance regarding the Ejector for Mossberg® 500, please contact the manufacturer or refer to the product documentation. Always ensure that you are following the latest safety guidelines and recommendations.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority.
