

# 1911 STAINLESS STEEL BARREL BUSHINGS - NOWLIN OVERSIZED BARREL BUSHING

[Handgun Parts](#) > [Barrel Parts](#) > [Barrel Bushings](#)

## Improves Slide/Barrel Fit For Better Accuracy; Pre-Fit & Oversized Models

Premium-grade, machined stainless steel bushings ensure a close slide-to-barrel fit for the tight lockup that helps produce consistent accuracy. Heat treated and hardened to stay in spec through thousands of firing cycles. Pre-Fit requires little or no fitting on most 1911 Autos. Quick and easy way to obtain optimum accuracy and proper lock-up. Fits Nowlin, Wilson, and other .581" O.D. barrels. Oversized requires turning of O.D. and reaming of I.D. to achieve a true, match-grade fit for maximum accuracy and secure lock-up. Gunsmith fitting required.

## Attributes

- Name: [NOWLIN OVERSIZED BARREL BUSHING](#)
- Manufacturer: [NOWLIN](#)
- Product no.: 654000055
- Mfr. No.: NONE
- Finish: Stainless Steel

# Safety Instruction Guide for 1911 Stainless Steel Barrel Bushings

## Introduction

Thank you for choosing the 1911 Stainless Steel Barrel Bushings from Nowlin. This guide provides essential safety instructions and guidelines to ensure the proper and safe use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the product is suitable for your firearm model before use.
- Always handle firearms with care and follow all safety protocols.
- Inspect the barrel bushings for any damage before installation.
- Keep the product out of reach of children and unauthorized users.
- Follow local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- Use only on compatible 1911 models, specifically the Government model.
- Ensure that the firearm is unloaded before beginning any installation or fitting.
- Be cautious when machining the oversized bushings; improper fitting can lead to malfunctions.
- Wear appropriate safety gear, including eye protection, when performing any modifications.
- Consult a qualified gunsmith if you are unsure about the fitting process.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Make sure your firearm is completely unloaded.
- Gather necessary tools such as a wrench, caliper, and reamer.

#### 2. Fitting the PreFit Bushing:

- Remove the old bushing from the slide.
- Clean the area thoroughly to ensure a proper fit.
- Insert the prefit bushing into the slide.
- Check for a snug fit; minimal or no additional fitting should be required.

#### 3. Fitting the Oversized Bushing:

- Remove the old bushing from the slide.
- Measure the O.D. and I.D. of your barrel to ensure compatibility with the oversized bushing.
- Turn the O.D. of the bushing and ream the I.D. to achieve a matchgrade fit.
- Ensure that the bushing fits securely and allows for proper lockup.

#### 4. Final Inspection:

- After installation, check the firearm for proper function.
- Ensure that the slide operates smoothly and that there is no excessive play.

## Usage

- Regularly inspect the barrel bushings for wear and tear.
- If you notice any issues, consult a gunsmith for advice or replacement.

## Disposal Instructions

- Dispose of any damaged or unusable barrel bushings in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local authorities for guidance on safe disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the 1911 Stainless Steel Barrel Bushings, please refer to the contact information provided by the retailer or manufacturer.

## Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of your 1911 Stainless Steel Barrel Bushings. Always prioritize safety and consult professionals when necessary. Thank you for your attention and for choosing our product.
