# Safety Instruction Guide for HONING OIL NORTON 4 OZ. OILBASED SHARPENING STONE LUBRICANT

## Introduction

Thank you for choosing the HONING OIL NORTON 4 OZ. OILBASED SHARPENING STONE LUBRICANT. This product is designed to enhance the performance of sharpening stones by keeping them cutting faster and preventing metal particles from clogging the pores. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always keep the product out of reach of children and pets.
- Use the product only for its intended purpose as a lubricant for sharpening stones.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product in accordance with local regulations.

## Specific Safety Precautions for Use

- Ensure adequate ventilation when using the product to avoid inhalation of vapors.
- Do not use near open flames or sources of ignition.
- Wear protective gloves and goggles if you have sensitive skin or are prone to allergies.
- If you experience any adverse reactions while using the product, discontinue use immediately and consult a medical professional.
- Keep the container tightly closed when not in use to prevent spills and contamination.

## Instructions for Installation and Usage

### 1. Preparation:

- Before applying the honing oil, ensure that your sharpening stone is clean and free from debris.

### 2. Application:

- Shake the container gently before use.
- Apply a few drops of honing oil directly onto the surface of the sharpening stone.
- Spread the oil evenly across the stone using a clean cloth or your fingers (wearing gloves if necessary).

### 3. Sharpening:

- Use your sharpening tool as directed while the honing oil is on the stone.
- Reapply honing oil as needed to maintain optimal lubrication.

### 4. PostUse Care:

- After sharpening, clean the sharpening stone with a damp cloth to remove any excess oil and metal particles.
- Store the honing oil in its original container, tightly closed, in a safe location.

## **Disposal Instructions**

- Dispose of any unused or expired honing oil according to local hazardous waste disposal regulations.
- Do not pour the product down drains or into the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience while using the HONING OIL NORTON 4 OZ. OILBASED SHARPENING STONE LUBRICANT. Thank you for your attention to these important guidelines.
