Safety Instruction Guide for METALITE CLOTH ROLLS NORTON EZ METALITE CLOTH ROLL

Introduction

Thank you for choosing the METALITE CLOTH ROLLS NORTON EZ METALITE CLOTH ROLL. This product is designed for metalworking professionals and DIY enthusiasts for tasks ranging from coarse sanding to fine polishing of hard or ferrous metals. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety goggles, gloves, and dust masks when using this product.
- Keep the work area clean and welllit to prevent accidents.
- Ensure that the product is stored in a dry place, away from moisture and direct sunlight.
- Regularly check the product for any signs of damage or wear before use. Do not use damaged products.
- Follow all local regulations regarding the disposal of abrasive materials.

Specific Safety Precautions for Use

- Use the METALITE CLOTH ROLL only for its intended purpose, which is sanding and polishing metal surfaces.
- Avoid using the cloth roll on materials that the product is not designed for, as this may cause injury or damage.
- Do not exceed the manufacturer's recommended speed for the tool you are using the cloth roll with.
- When cutting or tearing the cloth, ensure that your hands are clear of the cutting area to prevent injury.
- Be aware of flying debris and sparks that may occur during use. Maintain a safe distance from bystanders.
- If you experience discomfort or irritation while using the product, stop immediately and seek medical attention if necessary.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and PPE before starting.
- Ensure that the work area is clean and free of clutter.

2. Installation:

- If using with a machine, follow the machine's manual for proper attachment of the cloth roll.
- Ensure that the cloth roll is securely fastened and will not come loose during use.

3. Usage:

- Begin sanding or polishing at a low speed to gauge the effectiveness of the cloth roll.
- Gradually increase the speed as needed, ensuring that you do not exceed the recommended limits.
- Apply even pressure while moving the cloth roll across the metal surface. Avoid pressing too hard, as this can lead to wear on the cloth and potential injury.
- After use, turn off the machine and clean the work area to remove any debris.

Disposal Instructions

- Dispose of used METALITE CLOTH ROLLS in accordance with local waste disposal regulations.
- Do not dispose of in regular household waste; check for recycling options for abrasive materials.
- Ensure that any used cloth rolls are stored safely until disposal to prevent injury.

Contact Information for Further Support

For any questions or concerns regarding the METALITE CLOTH ROLLS NORTON EZ METALITE CLOTH ROLL, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safer working environment and maximize the effectiveness of your METALITE CLOTH ROLLS NORTON EZ METALITE CLOTH ROLL. Thank you for your attention to these important guidelines.
