

1911 NXT EXTENDED THUMB SAFETIES - NOVAK AMBIDEXTROUS NXT SAFETY, BLUED

[Handgun Parts](#) > [Safety Parts](#) > [Safeties](#)

Design Enhancements For Superior Performance; Standard & Ambidextrous Models

Novak takes the 1911 safety a step further with streamlined styling and several operating enhancements. A re-designed detent enables extremely positive engagement and helps hold the plunger tube against the frame to keep it from working loose. The right-hand paddle on the ambidextrous model is keyed and pinned to the shaft to prevent flex and eliminate the need for the grip to hold the right lever in place. It also permits a much slimmer paddle that works with any grip, including LaserGrips. Completely “carry beveled” with all sharp edges removed for shooter comfort and control.

Attributes

- Name: [NOVAK AMBIDEXTROUS NXT SAFETY, BLUED](#)

Safety Instruction Guide for 1911 NXT Extended Thumb Safeties Novak Ambidextrous NXT Safety, Blued

Introduction

Thank you for choosing the 1911 NXT Extended Thumb Safeties Novak Ambidextrous NXT Safety. This product is designed to enhance the safety and functionality of your firearm. Please read this safety instruction guide carefully to ensure proper use, installation, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model (Government, Commander, Officers).
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and tear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Positive Engagement:** Ensure that the detent is functioning correctly to avoid accidental disengagement.
- **Installation:** It is recommended that a qualified gunsmith perform the installation to ensure proper fitting and functionality.
- **Ambidextrous Use:** Be aware that the righthand paddle is keyed and pinned to prevent flex. Ensure you are familiar with the operation of both paddles.
- **Comfort and Control:** The product is designed to be "carry beveled" for shooter comfort. Always check for sharp edges before use.
- **Grip Compatibility:** Ensure that the product works with your specific grip, including LaserGrips.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing thumb safety from the firearm.
- Fit the Novak ambidextrous thumb safety into the plunger tube.
- Ensure that the detent is properly engaged.
- Check that the righthand paddle is securely pinned to the shaft.
- If necessary, consult a gunsmith for professional installation.

2. Usage:

- Familiarize yourself with the operation of the thumb safety before using the firearm.
- Engage the safety when the firearm is not in use.
- Disengage the safety only when ready to fire.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer needed, consider returning it to the manufacturer or a local firearms dealer for proper disposal.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer or a qualified gunsmith.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on the responsible use and handling of this product.
