

# .50 CALIBER RIFLE/PISTOL CLEANING SYSTEM

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

## Offers Big Bore Capabilities

The .50 Caliber Rifle/Pistol Cleaning System is the ideal kit for the care and maintenance of your .50 caliber rifles and pistols. This cleaning system also offers big bore capabilities and includes two .50 caliber Memory-Flex cleaning rods: an 8-inch for .50 caliber pistols, and a 40-inch for .50 caliber rifles. It also comes with a large heavy weight brass obstruction remover and a slotted tip. It comes complete with brass scraper components such as the brass scraper, female rod handle, a receiver brush, and a .50 caliber end brush, all of which allow for precision cleaning in those hard to reach areas of your firearms. Other components include 3-inch panoply patches, .50 caliber chamber brush and bore brush, bore reflector/flag safety, and the all-in-one Otis O85 Ultra Bore Solvent. The .50 caliber gear has a thread size of 10/32.

# **.50 Caliber Rifle/Pistol Cleaning System Safety Instructions**

## **Introduction**

Thank you for choosing the .50 Caliber Rifle/Pistol Cleaning System. This guide provides essential safety instructions to ensure the safe and effective use of this cleaning kit for your firearms. Please read this document carefully before using the product.

## **General Safety Guidelines**

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Keep the cleaning system and all components out of reach of children and unauthorized users.
- Regularly inspect the cleaning tools for wear or damage before use.
- Do not use the cleaning system for any purpose other than its intended use.

## **Specific Safety Precautions for Use**

- **Hazard Identification:**

- Sharp edges on cleaning tools may cause cuts.
- Chemicals in cleaning solvents can be harmful if inhaled or ingested.
- Improper use of cleaning rods may damage the firearm's bore.

- **Avoiding Hazards:**

- Use gloves when handling cleaning solvents to avoid skin contact.
- Ensure adequate ventilation when using the Otis O85 Ultra Bore Solvent.
- Follow the manufacturer's instructions for each component of the cleaning system.
- Do not force cleaning rods into the barrel; apply gentle pressure.
- Always store the cleaning kit in a secure location after use.

## **Instructions for Installation and Usage**

- **Preparation:**

- Gather all components of the cleaning system.
- Ensure that you have a safe and clean workspace.

- **Cleaning Procedure:**

1. **Unloading the Firearm:**

- Remove the magazine and check the chamber to ensure the firearm is unloaded.

2. **Assembling the Cleaning Rod:**

- Select the appropriate MemoryFlex cleaning rod (8inch for pistols or 40inch for rifles).
- Attach the slotted tip securely to the cleaning rod.

3. **Applying Cleaning Solvent:**

- Apply a small amount of Otis O85 Ultra Bore Solvent to a panoply patch.
- Insert the patch into the slotted tip.

#### **4. Cleaning the Bore:**

- Insert the cleaning rod into the barrel from the chamber end (where applicable).
- Gently push the rod through the bore and pull it back out.
- Repeat this process several times using clean patches until the bore is clean.

#### **5. Using the Brushes:**

- Use the .50 caliber chamber brush and bore brush for thorough cleaning.
- Attach the brushes to the cleaning rod as needed and clean the chamber and bore.

#### **6. Final Inspection:**

- Inspect the bore and chamber for cleanliness.
- Use the brass scraper components for any stubborn fouling if necessary.

#### **• PostCleaning:**

- Store all components in a safe place.
- Ensure that the cleaning area is clean and free of any hazardous materials.

## **Disposal Instructions**

- Dispose of used patches and any cleaning materials according to local regulations.
- Do not pour cleaning solvents down the drain; check local disposal guidelines for hazardous waste.

## **Contact Information for Further Support**

For any inquiries regarding the .50 Caliber Rifle/Pistol Cleaning System, please refer to the manufacturer's website or contact your local retailer for assistance.

By following these safety instructions, you can ensure a safe and effective cleaning experience for your .50 caliber rifles and pistols. Thank you for prioritizing safety while maintaining your firearms.
