

PROFESSIONAL 9MM PISTOL CLEANING SYSTEM

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Handgun Cleaning Kits](#)

For 9mm Caliber Pistols & Sub Guns

This professional pistol cleaning system is the preferred product for maintaining 9mm caliber pistols and sub guns. It includes Memory-Flex cleaning rods, solid brass slotted tips, and 100-percent cotton cleaning patches. Also included in this kit is a bore brush, all-in-one cleaner, lubricant and preservative, so you have everything you need to quickly clean the receiver, chamber, neck, and bore. Remove bore obstructions with an included remover and complete your maintenance with other components such as the brass scraper, straight pick, and pin punch. Keep your firearms in top condition by using the right tools for the job.

PROFESSIONAL 9MM PISTOL CLEANING SYSTEM

Safety Instruction Guide

Introduction

Thank you for choosing the PROFESSIONAL 9MM PISTOL CLEANING SYSTEM. This guide provides important safety information to ensure the safe and effective use of this product. Please read and understand these instructions before use to maintain your safety and the integrity of your firearm.

General Safety Guidelines

- Ensure that the cleaning system is used only for 9mm caliber pistols and sub guns.
- Always handle firearms with care, treating every firearm as if it is loaded.
- Keep the cleaning system out of reach of children and unauthorized users.
- Inspect all components of the cleaning system for damage before use. Do not use damaged parts.
- Use the cleaning system in a wellventilated area.
- Avoid using excessive force when cleaning to prevent damage to your firearm.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before cleaning.
- Wear safety glasses to protect your eyes from cleaning solvents and debris.
- Use gloves to protect your skin from cleaning chemicals.
- Follow the manufacturer's instructions for the use of cleaning solvents and lubricants.
- Do not use the cleaning system if you are under the influence of drugs or alcohol.
- Be cautious of sharp objects such as the brass scraper and pin punch.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition.
- Gather all components from the cleaning kit: MemoryFlex cleaning rods, slotted tips, cleaning patches, bore brush, allinone cleaner, lubricant, preservative, brass scraper, straight pick, and pin punch.

2. Cleaning Process:

- Attach the appropriate slotted tip to the cleaning rod.
- Insert a cleaning patch soaked in the allinone cleaner into the slotted tip.
- Gently push the cleaning rod through the bore from the chamber to the muzzle.
- Repeat the process with dry patches until they come out clean.
- Use the bore brush to scrub the bore for stubborn fouling. Follow with dry patches.
- Apply lubricant to the moving parts of the firearm as recommended.

3. Removing Bore Obstructions:

- If you encounter a bore obstruction, use the included bore obstruction remover carefully.
- Do not use excessive force to avoid damaging the bore.

4. Final Maintenance:

- Use the brass scraper and pin punch for cleaning hardtoreach areas.

- Ensure that all components are cleaned and dried before storing.

Disposal Instructions

- Dispose of used cleaning patches and any other waste materials in accordance with local regulations.
- Do not dispose of cleaning solvents or chemicals in regular trash or down the drain. Follow local hazardous waste disposal guidelines.

Contact Information for Further Support

- For questions or concerns regarding the use of this product, please consult the manufacturer's website or contact your local retailer for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your PROFESSIONAL 9MM PISTOL CLEANING SYSTEM. Always prioritize safety and proper maintenance to keep your firearm in optimal condition. Thank you for your attention to these guidelines.
