Safety Instruction Guide for HOPPES 12 GA. Shotgun Bore Brush

Introduction

Thank you for choosing the HOPPES 12 GA. Shotgun Bore Brush. This product is designed to help you maintain your shotgun effectively. However, it is important to follow safety guidelines to ensure safe usage and to protect yourself and others. This guide provides essential safety instructions and information about the proper use, installation, and disposal of your bore brush.

General Safety Guidelines

- Always handle the bore brush with care to avoid injury.
- Ensure that the bore brush is used only for its intended purpose, which is cleaning shotgun bores.
- Keep the bore brush out of reach of children and pets.
- Be aware of your surroundings when using the bore brush to avoid accidents.
- Regularly inspect the bore brush for any signs of damage or wear. Do not use a damaged brush.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Before using the bore brush, ensure that your shotgun is unloaded and pointed in a safe direction.
- Wear safety goggles to protect your eyes from debris that may be dislodged during cleaning.
- Use gloves to protect your hands from cleaning solvents and chemicals.
- Do not use excessive force when cleaning; this may damage the bore or the brush.
- Avoid using the bore brush on firearms that are not compatible with its size and threading.
- Store the bore brush in a cool, dry place to prevent corrosion and damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your shotgun is completely unloaded and in a safe position.
- Gather necessary cleaning supplies, including the HOPPES 12 GA. Shotgun Bore Brush, cleaning solvent, and a cleaning rod.

2. Installation:

- Attach the bore brush to a cleaning rod with an 832 thread (for Handgun and Rifle) or a 5/16"27 thread (for Shotgun).
- Ensure that the connection is secure before proceeding.

3. Usage:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the bore brush into the shotgun's barrel from the chamber end.
- Gently rotate the brush as you push it through the barrel to effectively clean the interior.
- Pull the brush back out of the barrel and repeat the process if necessary.
- After cleaning, remove the brush and clean it with solvent to maintain its condition.

4. PostCleaning:

- Wipe down the shotgun with a clean cloth to remove any excess solvent.

- Store the bore brush and all cleaning supplies in a safe and secure location.

Disposal Instructions

- Dispose of any worn or damaged bore brushes according to your local waste management regulations.
- Avoid throwing the bore brush into regular trash if it is contaminated with cleaning chemicals; check local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the HOPPES 12 GA. Shotgun Bore Brush, please refer to the manufacturer's contact information included with the product packaging or visit their official website for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your HOPPES 12 GA. Shotgun Bore Brush. Always prioritize safety and responsible handling when maintaining your shotgun. Thank you for your attention to these important guidelines.
