

BOLT ACTION RIFLE BEDDING STUDS - POWER CUSTOM REM 700/WBY BEDDING STUDS

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Pillar Bedding](#) > [Pillar Bedding Kits](#)

For Professional Results Without Damage to Action Screws

Easy-to-use system aligns the action with the bottom metal for a professional bedding job without damaging the original screws. Polymer bushings, two on each stud, seal the threaded action screw holes and bottom metal inlets to keep out epoxy overflow and help prevent parts from getting permanently bonded in the stock.

Safety Instruction Guide for BOLT ACTION RIFLE BEDDING STUDS POWER CUSTOM REM 700/WBY BEDDING STUDS

Introduction

Thank you for choosing the BOLT ACTION RIFLE BEDDING STUDS from POWER CUSTOM. This product is designed to help you achieve a professional bedding job for your rifle while ensuring safety and ease of use. This guide provides essential safety instructions and guidelines to ensure the safe installation and use of the bedding studs.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as gloves and eye protection, when handling tools and materials.
- Regularly check the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The bedding studs contain small parts that may pose a choking hazard to children.
 - The installation process may involve the use of sharp tools which can cause injury.
 - Epoxy and other materials used in the bedding process may contain harmful chemicals. Always follow safety guidelines for handling these materials.
- **Avoiding Hazards:**
 - Ensure that your workspace is clean and free from clutter to avoid accidents.
 - Use tools as directed and ensure they are in good working condition.
 - Do not attempt to modify or alter the bedding studs or any associated components.
 - Follow all local regulations regarding the handling and disposal of chemicals and materials.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting the installation. This includes the bedding studs, polymer bushings, epoxy, and any tools required for installation.
- Ensure that the rifle is unloaded and pointed in a safe direction.

2. Installation Steps:

- Align the action of the rifle with the bottom metal using the bedding studs.
- Insert the polymer bushings onto each stud. Ensure they are seated properly.
- Secure the studs into the threaded action screw holes and bottom metal inlets.
- Apply epoxy carefully to avoid overflow. Use the bushings to contain the epoxy and prevent it from

bonding parts permanently.

- Allow the epoxy to cure fully as per the manufacturer's instructions before using the rifle.

3. Usage:

- Once installation is complete and the epoxy has cured, check that all components are securely fastened.
- Regularly inspect the bedding studs for any signs of wear or loosening, especially before use.

Disposal Instructions

- Dispose of any unused or excess materials, including epoxy and packaging, in accordance with local regulations.
- Do not dispose of materials in regular household waste unless they are confirmed to be safe for such disposal.
- Check with local waste management authorities if you are unsure about how to dispose of specific materials.

Contact Information for Further Support

For any questions or concerns regarding the use of the BOLT ACTION RIFLE BEDDING STUDS, please refer to the manufacturer's website or contact their support team directly.

By following these guidelines, you can ensure a safe and effective experience with your BOLT ACTION RIFLE BEDDING STUDS. Your safety is our priority, and we encourage you to reach out with any questions or concerns. Thank you for choosing POWER CUSTOM.
