

# ULTRASONIC CASE CLEANER - 2 - RCBS ULTRASONIC CASE CLEANER - 2 120VAC

[Reloading](#) > [Case Cleaning](#) > [Ultrasonic Case Cleaners](#)

## Cleans a Mountain of Brass in a Short Time

RCBS's Ultrasonic Case Cleaner-2 has nearly double the capacity of their original ultrasonic cleaner, so high-volume reloaders can save even more time and get to the reloading press faster. Simply dump your empty brass into the voluminous 6.3 quart stainless steel tub, add the cleaning solution of your choice (RCBS's own solution, sold separately, is always a good option) to begin rapidly removing tarnish, carbon buildup, and metal oxide from your cases. The RCBS Ultrasonic Case Cleaner-2 is fitted with two ceramic heaters and transducers to ensure even temperature and uniform distribution of the ultrasound waves for fast, thorough cleaning of both brass cases and gun parts. Big 6.3-quart capacity - cleans lots of brass or gun parts FAST Non-corroding, long-lasting stainless steel parts basket Separate, smaller stainless steel parts tub for small jobs Available in 120 or 240 volts 240 VAC model is EU/UK/AUS compliant Handy drain hose included for fast fluid disposal The RCBS Ultrasonic Case Cleaner-2 has an intuitive LED display and an easy-to-program timer that can be set for up to 30 minutes of continuous cleaning. Spend more time loading ammo, less time waiting for your cases to get clean!

# Safety Instruction Guide for RCBS Ultrasonic Case Cleaner2

## Introduction

Thank you for choosing the RCBS Ultrasonic Case Cleaner2. This product is designed to provide efficient cleaning for your brass cases and gun parts. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the Ultrasonic Case Cleaner is used only for its intended purpose.
- Always keep the device out of reach of children and vulnerable individuals.
- Regularly inspect the cleaner for any signs of damage or wear before each use.
- Use the cleaner in a wellventilated area to avoid accumulation of fumes from cleaning solutions.
- Follow all manufacturer instructions regarding the use of cleaning solutions.
- In case of any malfunction or unusual behavior, discontinue use immediately and consult the manufacturer.

## Specific Safety Precautions for Use

- Do not immerse the Ultrasonic Case Cleaner in water or any other liquid.
- Avoid contact with the heating elements and transducers during operation.
- Use only cleaning solutions recommended by the manufacturer or those specifically designed for ultrasonic cleaners.
- Do not exceed the maximum fill line when adding cleaning solution.
- Ensure that the drain hose is securely attached before use to prevent spills.
- Allow the cleaner to cool down completely before cleaning or moving it after use.
- Do not operate the cleaner without the parts basket in place.

## Instructions for Installation and Usage

### 1. Installation:

- Place the Ultrasonic Case Cleaner on a stable, dry surface away from direct sunlight and heat sources.
- Ensure that the power cord is not damaged and is plugged into a properly grounded outlet (120VAC or 240VAC as specified).
- Connect the drain hose securely to the designated outlet.

### 2. Usage:

- Fill the stainless steel tub with the appropriate cleaning solution, ensuring not to exceed the maximum fill line.
- Load your empty brass cases or gun parts into the parts basket or smaller tub as needed.
- Set the timer using the intuitive LED display for the desired cleaning duration (up to 30 minutes).
- Press the start button to begin the cleaning process.
- Once the cycle is complete, carefully remove the parts basket and allow the items to dry.
- Use the drain hose to dispose of used cleaning solution safely.

## **Disposal Instructions**

- Dispose of any unused cleaning solution according to local regulations regarding hazardous waste.
- Recycle the packaging materials where possible.
- Do not dispose of the Ultrasonic Case Cleaner in regular household waste. Follow local electronic waste disposal guidelines.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided on the product packaging or official website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your RCBS Ultrasonic Case Cleaner<sup>2</sup>. Always prioritize safety and adhere to guidelines to protect yourself and others. Thank you for your attention to these important details.
