High Quality To Help You Do The Best Work

STEEL TAPS The Reiff & Nestor Company Steel Taps are precision-engineered tools designed for gunsmiths and firearm enthusiasts to create or repair internal threads in firearm components. Crafted from steel, these taps offer superior durability and maintain their hardness even under high temperatures, making them ideal for continuous use. These taps are available in various thread sizes and styles, including bottom, plug and taper taps which are essential for threading close to the bottom of blind holes. The steel construction ensures longevity and precise threading, accommodating a wide range of gunsmithing applications. Specifications: Material: Steel Tap Styles: Bottom Tap Plug Taper Thread Sizes Available: 8-40 10-32 3/16-32 3-56 6-40 7/32-40 1/4-28 1/4-30 1/4-22 Customer Insights: Users of the Reiff & Nestor Company Steel Taps appreciate their precision and durability. The high-speed steel construction allows for efficient threading without compromising the tool's integrity, making these taps a reliable choice for both professional gunsmiths and hobbyists. Incorporating the Reiff & Nestor Company Steel Taps into your gunsmithing toolkit ensures reliable and accurate threading, enhancing the quality and longevity of firearm components.

Safety Instruction Guide for Reiff & Nestor Company Steel Plug Tap 1/4"28 Thread

Introduction

Thank you for choosing the Reiff & Nestor Company Steel Plug Tap 1/4"28 Thread. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before use to avoid accidents and ensure optimal performance.

General Safety Guidelines

- Ensure you are familiar with the tool and its intended use before starting.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tap.
- Keep the work area clean and welllit to minimize risks of accidents.
- Store the tap in a safe place, out of reach of children and pets.
- Regularly inspect the tool for any signs of damage or wear. Do not use a damaged tap.
- Follow all local regulations regarding the use and disposal of tools and materials.

Specific Safety Precautions for Use

- Use the tap only for its intended purpose of creating or repairing internal threads in firearm components.
- Avoid excessive force when using the tap; apply steady, even pressure to prevent breakage.
- Ensure that the tap is properly aligned with the hole before starting the threading process.
- Do not use the tap on materials for which it is not designed, as this may lead to tool failure or injury.
- Be aware of the potential for sharp edges and burrs on the tap. Handle with care to avoid cuts.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the tap, tap wrench, and cutting oil.
- Clean the area where you will be working to ensure a clear workspace.

2. Setup:

- Secure the workpiece in a vise or clamp to prevent movement during the tapping process.
- Apply cutting oil to the tap to reduce friction and extend the life of the tool.

3. Tapping Process:

- Insert the tap into the tap wrench and ensure it is securely fastened.
- Align the tap with the hole you wish to thread.
- Begin turning the tap slowly and steadily, applying light pressure.
- After a full rotation, reverse the tap slightly to break the chip and reduce binding.
- Continue this process until the desired depth of thread is achieved.
- Once complete, carefully remove the tap and clean the threads.

4. PostUse Care:

- Clean the tap with a cloth to remove any debris or cutting oil.
- Store the tap in its designated place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the tap responsibly according to local regulations.
- Do not dispose of the tap in regular household waste if it is damaged or worn; instead, follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries regarding safety or the use of the Reiff & Nestor Company Steel Plug Tap, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with the Reiff & Nestor Company Steel Plug Tap 1/4"28 Thread. Thank you for prioritizing safety in your gunsmithing projects.
