

SINCLAIR NYLON RIFLE BRUSH - SINCLAIR INTERNATIONAL NYLON RIFLE BORE BRUSH, 6MM, 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Sinclair nylon bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel. Our nylon bore brushes have extremely stiff, heavy bristles which provide excellent scrubbing action in your rifle's bore. Ammonia and oil based cleaners will not "eat" or dissolve these bristles as they do bronze brushes. The nylon pistol brushes are about 1" shorter than the rifle brushes. Brushes except 17 caliber and 20 caliber are standard 8-32 male thread.

Attributes

- Name: [SINCLAIR INTERNATIONAL NYLON RIFLE BORE BRUSH, 6MM, 8-32M](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000121

Safety Instruction Guide for SINCLAIR NYLON RIFLE BRUSH

Introduction

Thank you for choosing the Sinclair Nylon Rifle Brush. This product is designed to provide effective cleaning for your rifle's bore, ensuring optimal performance and longevity. This guide contains essential safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always use the product as intended and according to the instructions provided.
- Keep the brush out of reach of children and vulnerable individuals to prevent accidents or misuse.
- Inspect the brush regularly for wear and damage. Do not use if the bristles are frayed or the brush is damaged.
- Store the brush in a dry place away from direct sunlight to maintain its integrity.
- Dispose of the brush responsibly, following local regulations for plastic waste.

Specific Safety Precautions for Use

- Ensure the rifle is unloaded before using the brush.
- Avoid applying excessive force when scrubbing to prevent damage to the bore.
- Use only approved cleaning solutions that are safe for use with nylon brushes.
- Do not use the brush for purposes other than cleaning the rifle bore.
- If you experience any allergic reactions or irritation from cleaning solutions, discontinue use and seek medical advice.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is completely unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including the Sinclair Nylon Rifle Brush and an appropriate cleaning solution.

2. Attaching the Brush:

- If your brush has a male thread, screw it into a compatible cleaning rod or handle securely.
- Ensure the attachment is tight to prevent the brush from detaching during use.

3. Cleaning Process:

- Apply a small amount of cleaning solution to the brush.
- Insert the brush into the rifle bore from the chamber end, if possible.
- Use a smooth, steady motion to scrub the bore. Repeat as necessary, ensuring to cover the entire length of the bore.
- After cleaning, remove the brush and wipe the bore with a clean, dry patch to remove any residue.

4. PostCleaning:

- Inspect the brush for any signs of wear or damage.
- Clean the brush with warm soapy water, rinse thoroughly, and allow it to dry completely before

storage.

Disposal Instructions

- Dispose of the Sinclair Nylon Rifle Brush in accordance with local regulations for plastic waste.
- Do not incinerate or dispose of in household waste if local laws prohibit such actions.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Sinclair Nylon Rifle Brush, please contact the manufacturer or your local distributor for assistance. They will provide you with the necessary support and information.

Conclusion

We hope this guide helps you use the Sinclair Nylon Rifle Brush safely and effectively. By following these instructions and guidelines, you can ensure a safe cleaning experience while maintaining the performance of your rifle. Thank you for your attention to safety.
