

CLEANING ROD STOPS - SINCLAIR INTERNATIONAL CLEANING ROD STOP - SMALL

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Stops](#)

Great for short stroke cleaning applications when using J-B Bore Cleaner and other paste type cleaners. The stops prevent patches from coming out at the muzzle. Many shooters use them when treating a barrel with a bore conditioner. Three sizes available to fit Dewey and most other cleaning rods. Small stop fits 22-6.5mm caliber rods and the X-Large stops fits 35 caliber rods.

CLEANING ROD STOPS SINCLAIR INTERNATIONAL SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the CLEANING ROD STOPS from Sinclair International. This product is designed to improve your cleaning experience by preventing patches from exiting the muzzle during short stroke cleaning applications. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always handle cleaning rods and related products with care to prevent injury.
- Keep all cleaning supplies out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod stops for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always use the cleaning rod stops with compatible cleaning rods. The small stop is designed for 226.5mm caliber rods.
- Do not force the cleaning rod stops onto rods that are incompatible, as this may lead to breakage or injury.
- Avoid using the cleaning rod stops with excessive force, which may cause them to break or malfunction.
- Ensure that the cleaning area is wellventilated when using pastetype cleaners, such as JB Bore Cleaner.
- Store the cleaning rod stops in a cool, dry place to prevent degradation of materials.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate cleaning rod stop for your cleaning rod size (small stop for 226.5mm caliber rods).
- Gently slide the cleaning rod stop onto the end of the cleaning rod until it fits snugly.
- Ensure that the stop is securely in place before using the cleaning rod.

2. Usage:

- Insert the cleaning rod with the attached stop into the barrel of the firearm.
- Apply a suitable cleaning paste to the patch or cloth as per the manufacturer's instructions.
- Use a smooth, steady motion to clean the barrel, ensuring that the stop prevents the patch from exiting the muzzle.
- After cleaning, carefully remove the cleaning rod and stop from the barrel.

Disposal Instructions

- Dispose of any damaged or worn cleaning rod stops in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check local guidelines for proper disposal of cleaning supplies and related products.

Contact Information for Further Support

For any questions or concerns regarding the use of the CLEANING ROD STOPS, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for prioritizing safety and ensuring the effective use of your cleaning rod stops. Enjoy your cleaning experience!
