

# O-RING REPLACEMENT KITS - SINCLAIR INTERNATIONAL 22-6MM O-RING REPLACEMENT KIT

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

The O-rings on your Sinclair bore guides, snouts for Sinclair All Purpose Rod Guides, Solvent Ports and Chamber Plugs should be replaced occasionally because solvents and use eventually wear them out. We use three sizes of O-rings only, so having some spares on hand is not expensive. The 222 and 223 family of guides and the 17 caliber guides do require the O-ring installation tool included in the O-ring kits. The two larger size O-rings can be installed fairly easily without the tool, though the kits include the tool for almost no additional charge over the 10 O-rings. All three O-ring sizes are available separately in 5-packs.

## Attributes

- Name: [SINCLAIR INTERNATIONAL 22-6MM O-RING REPLACEMENT KIT](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000653
- Mfr. No.: RG9243

# ORing Replacement Kits Safety Instruction Guide

## Introduction

Thank you for purchasing the ORing Replacement Kits from Sinclair International. This guide provides essential safety instructions to ensure the safe use and maintenance of your Orings. Please read this guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Keep the Orings and tools out of reach of children.
- Inspect Orings regularly for wear and tear before use.
- Do not use damaged Orings or tools.
- Ensure all components are compatible with your equipment.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper installation may lead to equipment malfunction.
- Solvents may cause deterioration of Orings if not replaced timely.

- **Avoiding Hazards:**

- Always use the Oring installation tool when indicated, especially for the 222, 223 family of guides, and 17 caliber guides.
- Handle solvents with care to avoid skin contact and inhalation.
- Use protective gloves when handling Orings, especially when cleaning or installing them.

- **Age Specific Warnings:**

- This product is not intended for use by children. Adult supervision is recommended when handling Orings and tools.

## Instructions for Installation and Usage

1. **Preparation:**

- Gather all necessary tools including the Oring installation tool, Orings, and any required solvents.
- Ensure your workspace is clean and free of any obstructions.

2. **Installation:**

- Remove the old Oring carefully from the bore guide or other components.
- Inspect the area for any residue or damage.
- Select the appropriate size Oring from the kit.
- If using the installation tool, follow these steps:
  - Position the Oring onto the tool.
  - Align the tool with the component and gently push the Oring into place.
- For larger Orings, you may install them without the tool by gently stretching and placing them on the component.

### **3. PostInstallation Check:**

- Ensure that the Oring is seated properly and there are no gaps.
- Dispose of old Orings and any waste materials in accordance with local regulations.

## **Disposal Instructions**

- Dispose of used Orings and packaging materials according to local waste management regulations.
- Do not dispose of Orings in regular household waste if they contain hazardous materials.
- Recycle packaging materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the ORing Replacement Kits, please refer to the manufacturer's contact information provided on the packaging or product documentation. Ensure you have your product information ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your ORing Replacement Kits. Thank you for your attention to safety and for choosing Sinclair International products.
