

SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 7MM

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Safety Instruction Guide for SINCLAIR Stainless Steel Pilots

Introduction

Thank you for choosing the SINCLAIR Stainless Steel Pilots. These precision machined pilots are designed for use with our flash hole tool and Neck Thickness/Variance Gauge. This guide provides important safety instructions and usage guidelines to ensure your safety and the effective use of this product.

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of damage or wear before each use.
- If you encounter any issues or have concerns about the product, cease usage immediately and seek assistance.

Specific Safety Precautions for Use

- Use only with rifle and pistol cartridges from .22 to .45 caliber.
- Do not use on .50 BMG cartridges, as the flash hole diameter is larger and may cause malfunction or injury.
- Always wear appropriate eye protection when using the product to prevent injury from debris.
- Ensure your work area is clean and free from obstructions to avoid accidents.
- Use the product in a wellventilated area to avoid inhalation of any particles generated during use.

Instructions for Installation and Usage

1. Installation of the Pilot:

- Ensure the flash hole tool is securely mounted.
- Select the appropriate pilot for your cartridge size.
- Carefully insert the pilot into the tool, ensuring it fits snugly.

2. Usage of the Pilot:

- Position the cartridge securely in the tool.
- Follow the manufacturer's instructions for operating the flash hole tool.
- Maintain a firm grip on the tool during operation to ensure stability.

3. PostUsage Care:

- Clean the pilot and tool after each use to remove any debris.
- Inspect the pilot for any signs of damage before storing.
- Store the pilot in a safe, dry place away from children.

Disposal Instructions

- Dispose of the product responsibly, following local regulations regarding metal recycling.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the SINCLAIR Stainless Steel Pilots, please contact the manufacturer or your local distributor. Ensure you have the product details ready for efficient assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your SINCLAIR Stainless Steel Pilots. Regularly review this guide and stay informed about any updates or recalls related to the product. Thank you for your attention to safety and for choosing SINCLAIR International.
