

STAINLESS STEEL NECK TURNING MANDRELS - SINCLAIR

INTERNATIONAL NECK TURNING MANDREL, SS, 6MM (.241")

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Sinclair stainless steel neck turning and expander mandrels for 17 through 50 caliber cartridges are turned from high grade stainless steel on precision turning centers. Turning mandrels are sized .002 inch under bullet diameter and expander mandrels are .001 inch under bullet diameter. The shape and surface of all mandrels is the result of years of experimenting by many expert handloaders. Our Carbide turning mandrels are precision ground from solid carbide stock, which yields even closer tolerances. All carbide mandrels are ground to .002 inch under bullet diameter. Adjustments on our NT-4000 turning tool will be more consistent with carbide mandrels due to the tighter tolerances of the mandrels. Large caliber (35 to 50 caliber) mandrels fit only the Large Caliber Expander Expander Body and NT-5000 Turning Tool.

Attributes

- Name: [SINCLAIR INTERNATIONAL NECK TURNING MANDREL, SS, 6MM \(.241"\)](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001186
- Mfr. No.: NTA24

Safety Instruction Guide for Sinclair International Stainless Steel Neck Turning Mandrels

Introduction

Thank you for choosing the Sinclair International Stainless Steel Neck Turning Mandrel. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the mandrel.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the mandrel out of reach of children and vulnerable individuals.
- Inspect the mandrel for any signs of damage before use. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the mandrel.
- Be aware of your surroundings and ensure a safe working environment free from hazards.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Sharp edges: The mandrel may have sharp edges which can cause cuts.
 - Heavy components: Use caution when handling to avoid injury.
- **Avoiding Hazards:**
 - Handle the mandrel with care to prevent cuts.
 - Use appropriate lifting techniques when handling heavy components.
 - Do not use the mandrel for purposes other than those specified by the manufacturer.
- **AudienceSpecific Warnings:**
 - This product is not intended for use by children. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your turning tool is compatible with the mandrel.
 2. Secure the mandrel in the turning tool according to the manufacturer's instructions.
 3. Check that the mandrel is firmly attached before use.
- **Usage:**
 1. Always wear safety glasses and gloves when operating the turning tool with the mandrel.
 2. Adjust the turning tool settings according to the specifications for the mandrel.
 3. Begin turning at a low speed to ensure stability.
 4. Gradually increase speed as needed, monitoring the process closely.
 5. Stop the machine immediately if any unusual noise or vibration occurs.
 6. After use, turn off the machine and carefully remove the mandrel.

Disposal Instructions

- Dispose of the mandrel in accordance with local regulations.
- Do not dispose of in regular household waste if it is damaged or contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.
