

# HEAVY DUTY POLY LOADING BLOCKS - SINCLAIR INTERNATIONAL

## 338 LAPUA HEAVY-DUTY LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

These blocks are machined from solid white polyethylene providing the reloader with a very durable, easy to clean loading block. Each block is machined to fit the specific cases you reload and has finger grooves machined into the sides to provide a sure grip. Each hole has a slight chamfer for easy case head entry. The "Poly" blocks are dishwasher safe for easy cleaning. We use white polyethylene because spilled powder shows up easily. These 50 round blocks are 1" thick to provide deeper holes for your cases to sit in, great for medium and long length cartridges. The #749-001-844 block only has 32 holes due to the case head size.

### Attributes

- Name: [SINCLAIR INTERNATIONAL 338 LAPUA HEAVY-DUTY LOADING BLOCK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001873
- Mfr. No.: 08-4250

# Safety Instruction Guide for HEAVY DUTY POLY LOADING BLOCKS

## Introduction

Thank you for choosing the HEAVY DUTY POLY LOADING BLOCKS from SINCLAIR INTERNATIONAL. These loading blocks are designed to enhance your reloading experience by providing a durable, easy-to-clean solution for organizing your cartridges. This guide provides essential safety information and instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the loading blocks are used only for their intended purpose: organizing and holding cartridges during the reloading process.
- Always inspect the loading blocks for any damage or wear before each use. Do not use damaged blocks.
- Keep the loading blocks out of reach of children and pets to prevent accidental ingestion or injury.
- Always work in a well-ventilated area when reloading ammunition to minimize exposure to harmful substances.
- Follow all manufacturer instructions and safety guidelines associated with the reloading process.

## Specific Safety Precautions for Use

- Avoid overloading the loading blocks beyond their designed capacity. Each block is designed to hold a specific number of rounds.
- Use caution when handling cartridges. Ensure that the firearm is unloaded and pointed in a safe direction when inserting or removing cartridges from the loading block.
- Be aware of the potential hazards associated with reloading ammunition, including exposure to lead and other hazardous materials.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling ammunition and during the reloading process.
- Do not place the loading blocks near open flames or heat sources, as this may cause damage to the polyethylene material.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and materials for the reloading process.

### 2. Loading the Blocks:

- Identify the specific cases you will be reloading (e.g., 338 Lapua, 4570 Government, 378 Weatherby Magnum).
- Place the loading block on a stable surface.
- Insert the cartridges into the holes of the loading block, ensuring that each cartridge is seated properly.
- Use the finger grooves on the sides of the block for a secure grip while loading.

### 3. Cleaning the Blocks:

- After use, clean the loading blocks with warm, soapy water and a soft cloth.
- The blocks are dishwasher safe; however, ensure that they are placed securely in the dishwasher.

to avoid damage.

#### **4. Storage:**

- Store the loading blocks in a cool, dry place away from direct sunlight and heat sources.
- Keep the blocks in their original packaging or a protective container to prevent damage when not in use.

## **Disposal Instructions**

- When the loading blocks reach the end of their useful life, dispose of them responsibly.
- Check local regulations for the proper disposal of polyethylene products.
- Do not incinerate the blocks, as this may release harmful substances into the environment.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the HEAVY DUTY POLY LOADING BLOCKS, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these guidelines, you can safely and effectively use the HEAVY DUTY POLY LOADING BLOCKS to enhance your reloading experience. Thank you for your attention to safety.
