

# HEAVY DUTY POLY LOADING BLOCKS - SINCLAIR INTERNATIONAL WSM/ULTRA MAG FAMILY HEAVY-DUTY LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

These blocks are machined from solid white polyethylene providing the reloader with a very durable, easy to clean loading block. Each block is machined to fit the specific cases you reload and has finger grooves machined into the sides to provide a sure grip. Each hole has a slight chamfer for easy case head entry. The "Poly" blocks are dishwasher safe for easy cleaning. We use white polyethylene because spilled powder shows up easily. These 50 round blocks are 1" thick to provide deeper holes for your cases to sit in, great for medium and long length cartridges. The #749-001-844 block only has 32 holes due to the case head size.

## Attributes

- Name: [SINCLAIR INTERNATIONAL WSM/ULTRA MAG FAMILY HEAVY-DUTY LOADING BLOCK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

# HEAVY DUTY POLY LOADING BLOCKS Safety Instruction Guide

## Introduction

Thank you for choosing the HEAVY DUTY POLY LOADING BLOCKS by Sinclair International. These loading blocks are designed to provide a durable and efficient solution for reloading your ammunition. This guide aims to ensure your safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe handling of the loading blocks to prevent accidents and injuries.
- Regularly inspect the loading blocks for any signs of wear or damage.
- Use the blocks only for their intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Familiarize yourself with the product's features and proper usage to avoid misuse.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The loading blocks are designed for use with specific cartridge types. Using incorrect cartridges may lead to malfunctions.
- Ensure that the loading blocks are clean and free from debris before use to prevent contamination of your ammunition.

### • Avoiding Hazards:

- Always handle the loading blocks with clean hands to avoid introducing dirt or oils that could affect the loading process.
- Do not overload the blocks beyond their specified capacity (50 rounds).
- Use the blocks in a wellventilated area, especially when handling gunpowder and ammunition components.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Adult supervision is required when the product is used near minors.

## Instructions for Installation and Usage

### • Installation:

- Place the loading block on a stable and flat surface to ensure proper stability during use.
- Ensure that the loading block is clean and free from any obstructions.

### • Usage:

- Load the blocks with the appropriate cartridges (223 WSSM and 243 WSSM) following the manufacturer's loading guidelines.
- Insert the case heads into the holes of the loading block, ensuring they fit snugly.
- Use the finger grooves on the sides of the block for a secure grip while loading or unloading

cartridges.

- For easy cleaning, the blocks are dishwasher safe; however, ensure they are placed securely in the dishwasher to avoid damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic waste.
- Do not incinerate the loading blocks as they are made from polyethylene, which can release harmful fumes when burned.
- If the product becomes damaged or unusable, consider recycling options available in your area.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the HEAVY DUTY POLY LOADING BLOCKS, please reach out to the designated EU contact point provided with your product packaging. Regularly check for updates and recall notices on the EU's Safety Gate platform to stay informed about product safety.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priority. Enjoy your reloading experience!
