

# HEAVY DUTY POLY LOADING BLOCKS - SINCLAIR INTERNATIONAL BELTED MAGNUMS HEAVY-DUTY LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

These blocks are machined from solid white polyethylene providing the reloader with a very durable, easy to clean loading block. Each block is machined to fit the specific cases you reload and has finger grooves machined into the sides to provide a sure grip. Each hole has a slight chamfer for easy case head entry. The "Poly" blocks are dishwasher safe for easy cleaning. We use white polyethylene because spilled powder shows up easily. These 50 round blocks are 1" thick to provide deeper holes for your cases to sit in, great for medium and long length cartridges. The #749-001-844 block only has 32 holes due to the case head size.

## Attributes

- Name: [SINCLAIR INTERNATIONAL BELTED MAGNUMS HEAVY-DUTY LOADING BLOCK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001875
- Mfr. No.: 08-4200
- Cartridge: Belted Magnums
- Material: Poly
- Rounds Held: 50
- Delivery weight: 0.34kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 201mm

# HEAVY DUTY POLY LOADING BLOCKS Safety Instruction Guide

## Introduction

Thank you for choosing the HEAVY DUTY POLY LOADING BLOCKS by Sinclair International. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the loading blocks.

## General Safety Guidelines

- Ensure the loading blocks are used only for their intended purpose, which is to hold reloaded ammunition cases.
- Keep the loading blocks out of reach of children and pets to prevent accidental injury or ingestion.
- Regularly inspect the loading blocks for any signs of wear or damage. Do not use if damaged.
- Clean the loading blocks regularly to maintain hygiene and prevent contamination of ammunition.
- Report any unsafe products or accidents related to these loading blocks to the appropriate authorities.

## Specific Safety Precautions for Use

- Always handle ammunition and reloading components with care to prevent accidents.
- Use the loading blocks in a wellventilated area to avoid inhaling any dust or debris.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Do not overload the loading blocks beyond their intended capacity (50 rounds).
- Ensure that the cases you are using fit securely in the loading blocks to avoid spills or accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and organized before starting the reloading process.
- Gather all necessary materials, including the loading blocks, cases, and reloading equipment.

### 2. Loading the Blocks:

- Place the loading blocks on a stable and flat surface.
- Insert the cases into the holes of the loading blocks, ensuring each case fits snugly.
- Use the finger grooves on the sides of the blocks for a secure grip while handling.

### 3. Using the Loading Blocks:

- When reloading, follow the manufacturer's instructions for your specific reloading equipment.
- Ensure that the cases are properly oriented in the loading blocks for ease of access.
- After reloading, doublecheck that all cases are securely seated in the loading blocks.

### 4. Cleaning:

- After use, clean the loading blocks with warm, soapy water and a soft cloth.
- Rinse thoroughly to remove any soap residue and allow to dry completely before storing.

## **Disposal Instructions**

- Dispose of any damaged or worn loading blocks in accordance with local waste disposal regulations.
- Do not dispose of the loading blocks in a manner that could pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please reach out to the designated EU contact point provided with your product documentation.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your HEAVY DUTY POLY LOADING BLOCKS responsibly!
