

# 308 AR CLEANING LINK - SINCLAIR INTERNATIONAL AR-308 CLEANING LINK

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Tools](#)

This item is a must have for cleaning your 308 AR. The Link separates the upper and lower assemblies, but holds them securely to allow easy breech access for bore cleaning using a Sinclair Rod Guide. Made of Delrin and stainless steel, it is virtually impervious to solvents. The Cleaning Link uses the rear locking pin and rear locking pin hole and installs in seconds.

# Safety Instruction Guide for the 308 AR Cleaning Link

## Introduction

Thank you for choosing the 308 AR Cleaning Link by Sinclair International. This product is designed to assist you in cleaning your 308 AR efficiently and safely. Please read this safety instruction guide carefully before using the product to ensure safe and effective operation.

## General Safety Guidelines

- **Product Safety:** This product is designed to meet safety standards for nonfood items. Ensure you use it as intended to minimize risks.
- **Enhanced Recalls:** In case of any product safety issues, be aware that recall notices will be issued, and remedies will be provided free of charge.
- **Online Shopping:** If you purchased this product online, you are entitled to the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach to prevent accidents.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information provided with your product documentation.
- **Rapid Alerts:** Stay informed about potential safety issues by checking the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the Cleaning Link is compatible with your specific model. It may require fitting for most takedown pins other than the Armalite AR10. It will not work on POF .308 rifles, Windham Weaponry SRC 308, or Colt LE901 with .250 diameter takedown pins.
- **Chemical Safety:** The Cleaning Link is made of Delrin and stainless steel, which are resistant to solvents. However, always handle cleaning solvents with care and use them in a wellventilated area.
- **Secure Handling:** When using the Cleaning Link, ensure that the upper and lower assemblies are securely held to avoid any accidental disassembly during cleaning.
- **Personal Safety:** Always wear appropriate safety gear, such as gloves and eye protection, when cleaning firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Sinclair Rod Guide.

### 2. Installation of the Cleaning Link:

- Locate the rear locking pin on your firearm.
- Align the Cleaning Link with the rear locking pin hole.
- Insert the Cleaning Link into the pin hole until it locks into place securely.

### 3. Using the Cleaning Link:

- With the Cleaning Link installed, you can separate the upper and lower assemblies for easy access.
- Use the Sinclair Rod Guide to clean the bore effectively.

- After cleaning, remove the Cleaning Link by pressing the locking pin to release it.

#### **4. PostUse:**

- Store the Cleaning Link in a safe and dry location when not in use.
- Regularly inspect the Cleaning Link for any signs of wear or damage before each use.

## **Disposal Instructions**

- Dispose of the Cleaning Link in accordance with local regulations regarding plastic and metal waste.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the 308 AR Cleaning Link, please refer to the manufacturer's contact information provided with your product documentation.
