

# WILSON CASE GAGE - L.E. WILSON 32-20 WINCHESTER CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

## Attributes

- Name: [L.E. WILSON 32-20 WINCHESTER CASE GAGE](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749003849
- Mfr. No.: CG-3220
- Cartridge: 32-20 Winchester
- Delivery weight: 0.136kg
- Shipping height: 33mm
- Shipping width: 36mm
- Shipping length: 89mm
- UPC: 857949005654

# **WILSON CASE GAGE L.E. WILSON 3220 WINCHESTER CASE GAGE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 3220 WINCHESTER CASE GAGE. This guide provides essential safety information to ensure the safe and effective use of the product. Please read this guide carefully before using the gage.

## **General Safety Guidelines**

- Ensure safe use of the cartridge case gage by following all instructions.
- Be aware of potential hazards associated with improper use.
- Always check for updates on product safety and recalls.
- Report any unsafe product incidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Use the gage only for its intended purpose of checking cartridge case dimensions.
- Always wear appropriate safety gear, such as safety glasses, when handling tools and equipment.
- Keep the gage out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the gage for any signs of damage or wear before use.
- Do not use the gage if it is damaged or malfunctioning.

## **Instructions for Installation and Usage**

### **1. Setting Up the Gage:**

- Place the gage on a stable surface.
- Ensure that it is clean and free from debris before use.

### **2. Using the Gage:**

- For Regular Style:
  - Insert the cartridge case into the gage.
  - Check the overall length to determine if trimming is needed.
  - Measure the datum to head length to ensure correct headspace.
- For Adjustable Style:
  - Use this style specifically for belted magnum cases.
  - Measure the shoulder to ensure minimal resizing.
  - Be cautious of the belt area, as it supports proper headspace.

### **3. PostUsage Care:**

- Clean the gage after each use to maintain its accuracy.
- Store the gage in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the gage according to local regulations.
- Do not dispose of the gage in regular household waste if it is damaged or contains hazardous materials.
- Check with local authorities or recycling centers for proper disposal methods.

## **Contact Information for Further Support**

- For any questions or concerns regarding the WILSON CASE GAGE, please refer to the official contact channels provided with your product packaging or on the manufacturer's website.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your WILSON CASE GAGE L.E. WILSON 3220 WINCHESTER CASE GAGE. Thank you for your attention to safety.
