

# **WILSON NECK REAMER - L.E. WILSON 20 CALIBER (0.203") INSIDE NECK REAMER**

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Thick necks can cause high chamber pressures and erratic shooting. Wilson neck reamers remove excess neck material to insure adequate clearance exists between the case neck and the chamber. Also, these reamers can be used when forming wildcats from a parent case. Reamers are used in the Wilson trimmer in place of the trimmer cutter. Standard reamers are sized for use on fired, unsized cases and measure .0025" - .003" larger than bullet diameter. Custom size reamers can be ground (allow 6-8 week delivery).

## **Attributes**

- Name: [L.E. WILSON 20 CALIBER \(0.203"\) INSIDE NECK REAMER](#)
- Manufacturer: [L.E. WILSON](#)

# **WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.203") INSIDE NECK REAMER Safety Instruction Guide**

## **Introduction**

Thank you for choosing the WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.203") INSIDE NECK REAMER. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the neck reamer.

## **General Safety Guidelines**

- Ensure the product is used in accordance with the manufacturer's instructions.
- Keep the neck reamer out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the reamer.
- Inspect the neck reamer before each use for any signs of damage or wear.
- Do not use the neck reamer on cases that are not specifically designated for this product.
- Report any unsafe conditions or accidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Only use the neck reamer with a compatible Wilson trimmer.
- Do not exceed the recommended reaming depth to prevent damage to the case.
- Ensure the work area is clean and free of obstructions to avoid accidents.
- Maintain a firm grip on the reamer during operation to prevent slips.
- Avoid using excessive force when reaming to prevent injury or damage to the tool.
- Always follow the recommended sizing guidelines to ensure proper fit and function.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools and safety equipment.
- Ensure the area is welllit and free from distractions.

### **2. Installation:**

- Remove the trimmer cutter from the Wilson trimmer.
- Insert the neck reamer into the trimmer in place of the cutter.
- Secure the reamer firmly to ensure stability during use.

### **3. Reaming Process:**

- Select a fired, unsized case that requires neck reaming.
- Insert the case into the Wilson trimmer.
- Activate the trimmer to begin the reaming process.
- Monitor the reaming depth and stop when the desired clearance is achieved.
- Remove the case and inspect for proper fit.

### **4. PostUse:**

- Clean the neck reamer and trimmer after each use to maintain performance.

- Store the reamer in a safe location to prevent damage or injury.

## **Disposal Instructions**

- Dispose of the neck reamer in accordance with local regulations.
- Do not dispose of the reamer in regular household waste.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.203") INSIDE NECK REAMER, please consult the manufacturer's official resources or website for support.

By following these safety instructions, you can ensure a safe and effective experience with your WILSON NECK REAMER. Thank you for your attention to these important guidelines.
