

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 338 LAPUA MAGNUM FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 338 LAPUA MAGNUM FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749004801

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing the Forster Full Length Sizing Dies. This guide provides important safety instructions and guidelines to ensure safe and effective use of this product. Please read this guide carefully before using the dies.

## General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading ammunition before using this product.
- Always wear safety glasses and appropriate protective gear while working with reloading equipment.
- Keep the dies and all reloading materials out of reach of children and unauthorized users.
- Inspect the dies for any signs of damage or wear before each use. Do not use damaged dies.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the Forster Full Length Sizing Dies only with the appropriate caliber, specifically the .338 Lapua.
- Ensure that your reloading press is compatible with the Forster dies.
- Always follow the manufacturer's instructions for the reloading process.
- Do not exceed the recommended load limits for your ammunition.
- Keep your work area clean and organized to minimize the risk of accidents.
- Avoid distractions while reloading to maintain focus and accuracy.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Remove the die from its packaging and inspect it for any damage.
- Insert the die into the reloading press according to the manufacturer's instructions.
- Secure the die using the Forster Cross Bolt Die Locking Ring, ensuring it is tight and stable.

### 2. Using the Die:

- Prepare the cases by cleaning and inspecting them for defects.
- Adjust the die to the desired sizing depth based on your specific reloading requirements.
- Insert a case into the die and operate the press according to the manufacturer's guidelines.
- Use the EZ Out Expander button to ensure that case necks remain concentric during the neck expanding operation.

### 3. PostUsage Care:

- After use, clean the dies thoroughly to remove any residue or debris.
- Store the dies in a safe, dry place to prevent rust and damage.

## Disposal Instructions

- Dispose of any damaged or worn reloading dies in accordance with local regulations.
- Do not dispose of reloading materials or components in regular household waste. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any inquiries or support regarding the Forster Full Length Sizing Dies, please refer to the manufacturer's website or contact their customer service for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
