

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 22-250 REMINGTON FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 22-250 REMINGTON FULL LENGTH SIZING DIE](#)

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing Forster Full Length Sizing Dies. This guide provides essential safety information and instructions to ensure the safe and effective use of your reloading dies. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling and use of reloading equipment.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep your workspace clean and organized to prevent accidents.
- Store reloading dies and components in a safe place, out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Always inspect your dies for damage or wear before use. Do not use damaged dies.
- Ensure that your reloading press is securely mounted and stable before operation.
- Use only the recommended components and materials specified for the Forster Full Length Sizing Dies.
- Avoid overtightening the die in the press, as this may cause damage or malfunction.
- Be aware of the potential for lead exposure when handling leadbased components. Wash hands thoroughly after handling.
- If you experience any unusual noises or resistance during operation, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Remove the die from its packaging and inspect it for any visible damage.
- Insert the die into the reloading press and secure it using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired position according to your reloading requirements.

### 2. Using the Die:

- Prepare your cases by cleaning and inspecting them for defects.
- Insert a case into the die and ensure it is seated properly.
- Operate the reloading press slowly and steadily, applying consistent pressure.
- After sizing, remove the case from the die and inspect it for proper sizing.

### 3. EZ Out Expander Button:

- The EZ Out Expander button should be positioned in the neck area of the case to maintain concentricity.
- Ensure the expander button is clean and free from debris for optimal performance.

## Disposal Instructions

- Dispose of any damaged or worn reloading dies in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste. Follow local guidelines for

hazardous waste disposal.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Forster Full Length Sizing Dies, please contact the manufacturer directly. Ensure that you have your product details on hand for a more efficient response.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Thank you for prioritizing safety in your reloading practices.
