

FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 6X47MM LAPUA FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

Attributes

- Name: [FORSTER PRODUCTS, INC. 6X47MM LAPUA FULL LENGTH SIZING DIE](#)

FULL LENGTH SIZING DIES SAFETY INSTRUCTIONS

Introduction

Thank you for purchasing the Forster Full Length Sizing Die, 6x47mm Lapua. This guide provides essential safety information and instructions to ensure safe and effective use of the product. It is crucial to follow these guidelines to minimize risks and enhance your reloading experience.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the reloading area is wellventilated and free from distractions.
- Keep the reloading equipment out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading dies and materials.
- Regularly inspect the die for signs of wear or damage. Do not use a damaged die.
- Store the die in a secure location when not in use to prevent accidents.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Ensure that the die is compatible with the specific cartridge you are using (6x47mm Lapua).
- Always use the die in accordance with the manufacturer's instructions.
- Do not exceed recommended load specifications when reloading ammunition.
- Be cautious when handling primers and powder; these materials can be hazardous.
- Use the EZ Out Expander button correctly to maintain case neck concentricity during the neck expanding operation.
- Keep fingers and hands clear of moving parts during operation.
- If you experience any unusual resistance or difficulty while using the die, stop immediately and inspect for any obstructions or issues.

Instructions for Installation and Usage

1. Installation:

- Secure the die in the reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during use.
- Adjust the height of the die to match the specifications for the 6x47mm Lapua cartridge.

2. Usage:

- Begin the reloading process by preparing your brass cases.
- Insert the case into the die and ensure it is seated properly.
- Use the handle of the reloading press to apply pressure and resize the case.
- After resizing, check the case dimensions to ensure they meet specifications.
- Repeat the process for each case as needed.

Disposal Instructions

- Dispose of any damaged or broken dies according to local regulations.
- Do not throw away used primers or powder without following specific hazardous waste disposal guidelines.
- Contact your local waste management authority for proper disposal methods for reloading materials.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided on the product packaging or visit the manufacturer's official website.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Die. Always prioritize safety and stay informed about best practices in reloading.
