

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 6.5X47MM LAPUA FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5X47MM LAPUA FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749004851

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing the Forster Full Length Sizing Dies. These highquality reloading dies are designed to help you produce concentric rounds consistently. This guide provides essential safety instructions to ensure the safe use and handling of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the dies out of reach of children and vulnerable individuals.
- Inspect the dies for any damage or defects before use.
- Use the dies only for their intended purpose.
- Follow all local regulations regarding the use and storage of reloading equipment.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Ensure that your workspace is clean and free of obstructions.
- Do not use excessive force when operating the dies to avoid damaging them or causing injury.
- Be cautious of sharp edges on the dies during handling and operation.
- If you experience any malfunctions or issues, cease use immediately and consult a qualified professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Carefully thread the Forster Full Length Sizing Die into the press until it is snug but not overly tight.
- Use the Forster Cross Bolt Die Locking Ring to secure the die in place without damaging the threads.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the case into the shell holder of your reloading press.
- Raise the ram to bring the case into contact with the die.
- Slowly lower the ram to size the case, ensuring that the die is aligned correctly.
- After sizing, withdraw the case and inspect it for quality.
- Repeat the process for additional cases as needed.

## Disposal Instructions

- Dispose of any damaged or unusable dies in accordance with local waste disposal regulations.
- Do not throw dies in regular trash; consider recycling options if available.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or customer service resources for guidance on safety inquiries and product support.

By following these guidelines, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Always prioritize safety and consult professionals if you have any doubts or questions regarding the use of this product.
