# Safety Instruction Guide for Redding 260 Remington Full Length Die Set

## Introduction

Thank you for choosing the Redding 260 Remington Full Length Die Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before using the die set, and keep it for future reference.

## General Safety Guidelines

- Ensure that you are familiar with the proper handling and use of reloading equipment.
- Always wear appropriate safety gear, such as safety glasses and hearing protection, when reloading ammunition.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage and replace if necessary.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any dust or fumes.
- Store all reloading materials, including powders and primers, in a cool, dry place away from heat sources and direct sunlight.
- Avoid using the die set if you are fatigued, under the influence of drugs or alcohol, or distracted.
- Use only the recommended cartridges and components specified for this die set.
- Do not exceed the recommended load specifications provided by the powder manufacturer.

## Instructions for Installation and Usage

### 1. Installation of the Full Length Die Set:

- Ensure the reloading press is securely mounted on a stable work surface.
- Clean the die set and press to remove any debris or oil.
- Install the full length sizing die in the press according to the manufacturer's instructions.
- Adjust the die to the desired depth for sizing, ensuring it is properly tightened.

### 2. Using the Full Length Sizing Die:

- Insert a clean, empty cartridge case into the shell holder.
- Pull the handle of the press to size the case fully.
- Inspect the sized case for any defects or issues before proceeding.

### 3. Using the Seating Die:

- Install the seating die in the press after sizing the cases.
- Set the die to the required depth for bullet seating.
- Insert a sized case into the shell holder and place a bullet on top.
- Pull the handle to seat the bullet to the desired depth.

### 4. Final Inspection:

- After reloading, inspect each cartridge for proper seating and overall quality.
- Store completed ammunition in a safe and organized manner.

## **Disposal Instructions**

- Dispose of any unused reloading materials and components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact your local waste management authority for proper disposal methods.
- Keep all packaging materials and components out of reach of children and pets.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding 260 Remington Full Length Die Set, please refer to the manufacturer's contact information provided in the packaging or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Redding 260 Remington Full Length Die Set. Thank you for your attention to safety!
