

TYPE S BUSHING FULL DIES - 280 ACKLEY IMPROVED BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES 280 ACKLEY IMPROVED

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES 280 ACKLEY IMPROVED. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read and understand all instructions before using the die to ensure your safety and the safety of others.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Inspect the die regularly for any signs of wear or damage before use.
- Keep the die and its components out of reach of children and vulnerable individuals.
- Ensure that your workspace is clean, dry, and welllit to avoid accidents.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.
- Do not attempt to modify or alter the die in any way, as this may compromise safety and performance.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety alerts through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading equipment and the specific cartridge you are using.
- Always verify that the bushing is properly seated before resizing cases to avoid misalignment.
- When adjusting the decapping rod, do so slowly and carefully to prevent injury.
- Avoid overtightening any components as this may cause damage or malfunction.
- Do not force the die if it encounters resistance; instead, check for any obstructions or misalignments.
- Always follow recommended resizing procedures to maintain the integrity of the cartridge case.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the TYPE S BUSHING FULL DIE, interchangeable bushings, and a reloading press.
- Ensure that your workspace is organized and free from distractions.

2. Installation:

- Securely mount the reloading press to a stable work surface.
- Insert the TYPE S BUSHING FULL DIE into the press according to the manufacturer's instructions.
- Select and install the appropriate bushing for your specific cartridge.

3. Usage:

- Place a clean cartridge case into the die.
- Slowly lower the ram of the press to engage the die with the cartridge case.
- Adjust the decapping rod as needed to ensure proper sizing of the neck.
- After resizing, carefully remove the cartridge case from the die.
- Inspect the resized case for any defects or issues before proceeding with reloading.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die or its components in household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TYPE S BUSHING FULL DIES 280 ACKLEY IMPROVED, please refer to the manufacturer's contact information provided with the product packaging. It is important to have access to support for any safety inquiries or productrelated issues.

By following these guidelines, you can ensure the safe and effective use of your TYPE S BUSHING FULL DIES 280 ACKLEY IMPROVED. Thank you for prioritizing safety in your reloading activities.
