

ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC.

260 REMINGTON MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

Attributes

- Name: [FORSTER PRODUCTS, INC. 260 REMINGTON MICROMETER SEATER DIE](#)

ULTRA™ MICROMETER SEATER DIES SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES from Forster Products, Inc. These reloading dies are designed for producing highquality, concentric rounds. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions and guidelines.
- **Enhanced Recalls:** Be aware of any recall notices that may affect this product. Check for updates regularly.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:** Extra caution should be exercised if the product is used around children or vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Stay informed about any safety alerts regarding this product through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading dies.
- Ensure that the work area is clean and free of obstructions to prevent accidents.
- Keep the dies out of reach of children and unauthorized users.
- Do not exceed recommended specifications for bullet seating depth or other adjustments.
- Regularly inspect the dies for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading practices and materials.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is compatible with the ULTRA™ MICROMETER SEATER DIES.
- Securely attach the die to the press using the Forster Cross Bolt Die Locking Ring, ensuring it is tightened properly.
- Ensure that the die is aligned correctly for optimal performance.

2. Usage:

- Set the micrometer adjustment to your desired bullet seating depth.
- Check and record the setting before switching bullets to make adjustments easier.
- Always use appropriate bullet types and weights as specified for the cartridge.
- Perform a test seating with a dummy round to verify the adjustment before proceeding with live ammunition.
- Maintain a clean workspace and handle all reloading materials with care.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away reloading materials in regular trash; consult local hazardous waste disposal guidelines.

- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For any questions or concerns regarding the ULTRA™ MICROMETER SEATER DIES, please refer to the designated EU contact point for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the ULTRA™ MICROMETER SEATER DIES!
