# **Safety Instruction Guide for TYPE S BUSHING NECK DIE SETS 308 WINCHESTER BUSHING NECK DIE SET**

## **Introduction**

Thank you for choosing the Type S Bushing Neck Die Set for your reloading needs. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die set.

## **General Safety Guidelines**

- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep the reloading area clean and organized to avoid accidents.
- Ensure that the workspace is welllit and free from distractions.
- Store the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for wear or damage before use.
- Do not use the die set for any purpose other than its intended use.

## **Specific Safety Precautions for Use**

- Ensure that the die set is compatible with the 308 Winchester cartridge before use.
- Always follow the manufacturer's specifications for reloading data.
- Use only recommended components and materials for reloading.
- Avoid overtightening the bushing neck die, as this may cause damage or lead to unsafe conditions.
- Do not attempt to modify or alter the die set in any way.
- If you experience any issues while using the die set, stop immediately and consult the manufacturer or a qualified professional.

## **Instructions for Installation and Usage**

### **1. Unboxing the Die Set**

- Carefully remove the die set from the packaging.
- Ensure all components, including the Type S Bushing Neck Die and Body Die, are present.

### **2. Setting Up the Die Set**

- Place the die set in a secure location on your reloading bench.
- Attach the Type S Bushing Neck Die to your reloading press according to the manufacturer's instructions.
- Insert the appropriate bushing into the neck die based on your desired neck tension.

### **3. Reloading Process**

- Start by resizing the case with the Body Die to ensure proper fit.
- Next, use the Type S Bushing Neck Die to size the neck of the case. Adjust the bushing as needed for desired neck tension.
- Proceed with the reloading process according to your specific reloading data.

### **4. PostUse Care**

- After use, clean the die set to remove any debris or residue.
- Store the die set in the Redding Die Box provided, ensuring it is kept in a dry and safe environment.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Type S Bushing Neck Die Set, please refer to the manufacturer's website or contact their customer support for assistance. Ensure you have the product information ready for a more efficient response.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your Type S Bushing Neck Die Set. Thank you for prioritizing safety in your reloading practices.
