

# SINCLAIR ARBOR PRESS - SINCLAIR INTERNATIONAL HAND DIE ARBOR PRESS

[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

Our Sinclair Arbor Press was designed specifically for use with hand dies, both in the field and on your workbench. It does not need to be clamped down for use. This arbor press features quality construction throughout and fits easily into your reloading box for trips to the range. Constructed with a solid stainless steel post and featuring a stainless steel rack and pinion design, our arbor press functions flawlessly with all neck sizing and bullet seating hand dies. Ratchet style height adjustment knob allows easy raising and lowering of the press head position. The Sinclair Press is also sold as part of a complete hand die reloading kit. This press is not intended for use with full length resizing dies.

# SINCLAIR ARBOR PRESS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Sinclair Arbor Press from Sinclair International. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this manual carefully before using the arbor press.

## General Safety Guidelines

- Always use the arbor press according to the manufacturer's instructions.
- Ensure the work area is clean, dry, and welllit to minimize risks.
- Keep the arbor press out of reach of children and vulnerable individuals.
- Regularly inspect the arbor press for any signs of wear or damage before use.
- In case of any malfunction or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Avoid Clamping:** The arbor press is designed for freestanding use; do not clamp it down.
- **Use Appropriate Dies:** This arbor press is intended for use with hand dies only. Do not use it with fulllength resizing dies.
- **Height Adjustment:** Use the ratchet style height adjustment knob carefully. Adjust the press head position slowly to avoid sudden movements.
- **Personal Protective Equipment (PPE):** Always wear safety glasses to protect your eyes from debris while using the press.
- **Proper Handling:** Use both hands to operate the press for better control and stability.

## Instructions for Installation and Usage

### 1. Setting Up the Arbor Press

- Place the arbor press on a stable, flat surface.
- Ensure the press is positioned away from edges to prevent tipping.

### 2. Loading the Hand Die

- Insert the hand die into the designated holder of the arbor press.
- Ensure that the die is securely positioned before use.

### 3. Adjusting the Press Head

- Use the ratchet style height adjustment knob to set the press head to the desired height.
- Make sure to check the height before starting the operation.

### 4. Using the Arbor Press

- Position the material you are working on under the press head.
- Apply steady pressure on the handle to operate the press.
- Avoid sudden movements to ensure precision and safety.

### 5. After Use

- Clean the arbor press to remove any debris or residue.
- Store the press in a safe and dry location, away from children.

## **Disposal Instructions**

- Dispose of the arbor press according to local regulations for metal and machinery disposal.
- Do not dispose of the product in regular household waste. Check with local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Sinclair Arbor Press, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Sinclair Arbor Press responsibly!
