# Safety Instruction Guide for TYPE S BUSHING NECK DIE SETS REDDING 243 WSSM BUSHING NECK DIE SET

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE SETS REDDING 243 WSSM BUSHING NECK DIE SET. This product is designed for reloaders seeking precision in controlling case neck size and tension. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Ensure a clean and organized workspace to minimize the risk of accidents.
- Store the die set in a dry place, away from moisture and extreme temperatures.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before using the die set, inspect it for any damage or wear. Do not use if damaged.
- Wear appropriate safety gear, including safety glasses, when reloading.
- Ensure that the reloading press is properly secured and stable before operation.
- Always follow the recommended load data from reliable sources to avoid overloading.
- Do not exceed the maximum pressure limits specified for the cartridge.
- Avoid distractions while reloading to maintain focus and safety.
- If you are unfamiliar with reloading, seek assistance from an experienced reloader or consult instructional materials.

## Instructions for Installation and Usage

### 1. Unpack the Die Set

- Carefully remove the die set from the packaging.
- Ensure all components are present: Type S Bushing Neck Die, Body Die, wrench, and extra decapping pin.

### 2. Installation

- Secure the dies into the reloading press according to the manufacturer's instructions.
- Adjust the height of the dies to ensure proper alignment with the press.

### 3. Using the Type S Bushing Neck Die

- Select the appropriate bushing for your desired neck tension.
- Insert the bushing into the neck die.
- Adjust the die to achieve the desired neck size by turning the adjustment knob.

### 4. Using the Body Die

- Insert the cartridge case into the body die.

- Operate the reloading press to resize the case as needed.

## **5. Cleaning and Maintenance**

- After use, clean the dies with a soft cloth to remove any debris.
- Store the dies in the provided Redding Die Box to protect them from damage.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the TYPE S BUSHING NECK DIE SETS REDDING 243 WSSM BUSHING NECK DIE SET, please contact the appropriate support channels. Ensure you have the product details ready for reference.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety.
