# Safety Instruction Guide for TYPE S BUSHING NECK DIE SETS

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE SETS by Redding. This guide provides essential safety instructions and usage guidelines to ensure your safety and the effective operation of the product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure that you are familiar with all safety protocols related to reloading ammunition.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when handling reloading equipment.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Inspect the die set for any damage or wear before each use. Do not use damaged equipment.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the TYPE S Bushing Neck Die Set with the specified cartridge: 300 Remington Ultra Magnum.
- Ensure that you are using the correct bushing size for your specific reloading needs.
- Avoid overtightening the die during installation, as this may cause damage.
- Use the provided wrench to adjust the die and avoid using excessive force.
- Always work in a wellventilated area when reloading.
- Do not consume food or beverages in the reloading area to avoid contamination.

## Instructions for Installation and Usage

### 1. Installation:

- Begin by ensuring your reloading press is securely mounted and stable.
- Remove any existing dies from your reloading press.
- Insert the Type S Bushing Neck Die into the press and secure it using the provided wrench.
- Ensure that the die is properly aligned and tightened without overtorquing.

### 2. Usage:

- Select the appropriate bushing for your desired neck tension and insert it into the die.
- Prepare your brass cases by cleaning and inspecting them for damage.
- Follow standard reloading procedures to resize the necks of your brass cases using the die.
- After resizing, check the neck tension to ensure it meets your specifications.
- Use the Body Die included in the set to resize the body of the case as needed.

### 3. PostUsage:

- Clean the die set after use to prevent residue buildup.
- Store the die set in a safe and dry location, preferably in the Redding Die Box provided.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set according to local regulations.
- Do not dispose of any reloading materials or components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support related to the TYPE S BUSHING NECK DIE SETS, please reach out to the manufacturer or your local dealer. Ensure that you have the product details ready for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and proper usage.
