

RELOADING PRESS - LOCK-N-LOAD CLASSIC RELOADING PRESS

[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

The Hornady Lock-N-Load Classic is a high quality, mid-sized O frame press. The Classic Press comes with a spent primer catcher, long handle with a large ball grip and three Lock-N-Load bushings. Additional Lock-N-Load bushings are available separately. The angle of the O frame in the alloy press casting gives good visibility and easy access to the cases while you are sizing or seating bullets.

Safety Instruction Guide for Hornady LockNLoad Classic Reloading Press

Introduction

Thank you for choosing the Hornady LockNLoad Classic Reloading Press. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your reloading press. By following these instructions, you can minimize risks and enjoy a safe reloading experience.

General Safety Guidelines

- Always read and understand the user manual before using the reloading press.
- Keep the reloading area clean and organized to prevent accidents.
- Ensure proper ventilation in the workspace to avoid inhalation of any powders or chemicals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the press.
- Never leave the reloading press unattended while in use.
- Keep children and pets away from the reloading area at all times.
- Regularly inspect the reloading press for any signs of wear or damage.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted to a sturdy workbench before use.
- Use only LockNLoad bushings that are compatible with the Classic Press.
- Always check that the press is clear of any obstructions before inserting cases or bullets.
- Do not overload the press beyond its specified limits.
- Be cautious of sharp edges and moving parts when operating the press.
- Store reloading components, such as powders and primers, in a safe and secure location away from heat sources.

Instructions for Installation and Usage

Installation

1. Choose a stable work surface that can support the weight and operation of the press.
2. Securely mount the reloading press using bolts or screws, ensuring it is level and stable.
3. Attach the spent primer catcher according to the manufacturer's instructions.

Usage

1. Prepare the reloading press by ensuring all components are clean and free of debris.
2. Insert the appropriate LockNLoad bushing into the press.
3. Follow these steps for reloading:
 - Place an empty case in the shell holder.
 - Pull the handle down to size or seat the bullet.
 - Return the handle to the starting position.
 - Remove the completed cartridge and inspect it for quality.
4. Repeat the process for each cartridge, maintaining focus and attention.

Disposal Instructions

- Dispose of any spent primers, powders, or other reloading materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash; instead, use designated disposal facilities.
- Ensure that all packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Hornady LockNLoad Classic Reloading Press, please refer to the manufacturer's website or contact their customer support team directly.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience with your Hornady LockNLoad Classic Reloading Press. Always prioritize safety and make informed decisions during your reloading activities.
