

# COMPETITION SEATER DIES - REDDING 6MM/22-250 BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies 6mm/22250

## Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all the information before using the die.

## General Safety Guidelines

- Ensure that the die is used in accordance with all local laws and regulations regarding ammunition reloading.
- Always wear appropriate personal protective equipment, such as safety glasses, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized persons.
- Regularly inspect the die for any signs of wear or damage. If any issues are found, cease use immediately and seek professional assistance.
- Be aware of the potential hazards associated with reloading, including but not limited to the risk of explosion, burns, and inhalation of harmful substances.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for use and maintenance of the die.
- Ensure that the die is securely mounted to a stable reloading press before use.
- Do not exceed the maximum recommended load specifications for the 6mm/22250 cartridge.
- Use only compatible components (bullets, powder, primers) as specified by reliable reloading manuals.
- Avoid distractions while reloading to maintain focus and prevent accidents.
- Do not attempt to modify the die or any of its components in any way.
- Always doublecheck your measurements and settings before proceeding with reloading.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the Redding Competition Bullet Seater to your reloading press using the 7/814 thread.
- Ensure that the die is aligned properly and tightened to prevent movement during operation.

### 2. Usage:

- Adjust the micrometer to your desired seating depth. The die allows for adjustments in .001inch increments.
- Place a bullet into the die's seating chamber.
- Pull the press handle smoothly and steadily to seat the bullet into the cartridge case.
- After seating, check the overall length of the cartridge to ensure it meets specifications.
- Repeat the process for additional cartridges, making adjustments as necessary.

### 3. PostUse Care:

- Clean the die after use to remove any residue or debris.
- Store the die in a cool, dry place to prevent corrosion or damage.

## **Disposal Instructions**

- Dispose of any damaged or worn reloading components according to local regulations.
- Do not throw away the die or its components in regular household waste. Instead, follow your local guidelines for hazardous waste disposal.
- Ensure that all materials are disposed of in a safe and environmentally responsible manner.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Competition Bullet Seater, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safer reloading experience with the Redding Competition Bullet Seater. Thank you for your attention to safety and for choosing our product.
