Type S Match Bushing Neck Die Set Safety Instructions

Introduction

Thank you for choosing the Type S Match Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this manual carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose—reloading ammunition for the 22250 Remington cartridge.
- Always handle ammunition and reloading equipment with care to prevent accidents.
- Store the die set in a cool, dry place, away from children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Regularly inspect the die set for any signs of damage or wear before each use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** Be aware of potential hazards such as:
 - Improper handling of reloading components may lead to accidental discharge.
 - Using damaged or worn dies may result in misfires or inconsistent ammunition.
- **Avoiding Hazards:**
 - Always follow the manufacturer's instructions when using the die set.
 - Do not exceed recommended load limits for the 22250 Remington cartridge.
 - Keep all reloading components organized and clearly labeled to prevent mixups.
- **Audience Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18.
 - Ensure that inexperienced users are supervised by a knowledgeable adult.

Instructions for Installation and Usage

- **Installation:**
 1. Begin by ensuring that your reloading press is securely mounted and stable.
 2. Select the appropriate die for your task:
 - Use the Type S Bushing Neck Sizing Die for resizing cases.
 - Use the Body Die for fulllength resizing.
 - Use the Competition Seating Die for seating bullets.
 3. Follow the manufacturer's instructions to properly adjust each die according to your specific needs.
- **Usage:**
 1. Always verify that the reloading press is in the "off" position before installing or adjusting dies.
 2. Insert the die into the press and tighten securely.
 3. Ensure that the appropriate bushing is installed in the sizing die for the desired neck tension.

4. Begin the reloading process by following the recommended procedures for each die:
 - For sizing, insert a clean, empty case into the shell holder and operate the press to resize.
 - For seating, place a bullet on the charged case and operate the press to seat the bullet to the desired depth.
5. After each session, clean the dies to remove any debris or residue.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away the die set in regular household waste. Check with local authorities for proper disposal methods for metal and plastic components.
- If the die set is damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries related to safety or product usage, please contact the manufacturer or visit their official website for support. Ensure you have the product details ready for a more efficient response.

Thank you for choosing the Type S Match Bushing Neck Die Set. By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and responsible use in all your reloading activities.
