

# COMPETITION BUSHING NECK DIE SETS - 223 REMINGTON

## COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read through all sections carefully before using the die set.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in reloading ammunition. Always follow safety practices to prevent accidents.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. Check for updates regularly to ensure your safety.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety standards similar to those in physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Be aware of the EU's Safety Gate system for updates on unsafe products.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read the instructions included with the die set before use.
- **Wear Safety Gear:** Use appropriate safety gear, including safety glasses and gloves, while reloading.
- **Work Environment:** Ensure your work area is clean, welllit, and free from distractions.
- **Check Equipment:** Regularly inspect your die set for any signs of wear or damage before use.
- **Use Proper Tools:** Only use tools and equipment that are suitable for reloading.
- **Avoid Overloading:** Do not exceed the recommended load specifications for your cartridges.
- **Stay Focused:** Avoid multitasking while using the die set to prevent accidents.

## Instructions for Installation and Usage

### 1. Unpacking: Carefully unpack the die set, ensuring all components are present:

- Competition Bushing Neck Sizing Die
- Body Die
- Competition Bullet Seater
- Note: Bushings and shellholder are sold separately.

### 2. Setting Up the Dies:

- **Mount the Dies:** Securely mount the Competition Bushing Neck Sizing Die and Body Die in your reloading press.
- **Adjust the Micrometer:** Use the micrometer adjustments to set the desired neck length for sizing.
- **Install the Decapping Rod:** Ensure the decapping rod is aligned correctly for precise operation.

### 3. Reloading Process:

- **Sizing the Case:** Insert the cartridge case into the sizing die. Ensure it is properly aligned and

supported.

- **Decapping:** As you size the case, the decapping rod will remove the primer.
- **Body Resizing:** Use the Body Die to resize the case body without disturbing the neck.
- **Seating the Bullet:** Use the Competition Bullet Seater for precise bullet seating. Ensure the bullet guide is properly aligned.

#### 4. PostUsage:

- **Clean the Dies:** After use, clean the dies to prevent residue buildup.
- **Store Properly:** Store the die set in a dry, secure location to avoid damage.

## Disposal Instructions

- **Waste Disposal:** Dispose of any unused or damaged components according to local regulations.
- **Environmental Considerations:** Do not dispose of materials in unauthorized areas. Follow guidelines for hazardous waste if applicable.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact information provided with the product.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety!
