BIG BOSS PROPAK RELOADING KIT Safety Instructions

Introduction

Thank you for choosing the BIG BOSS PROPAK RELOADING KIT by Redding. This guide provides essential safety instructions to ensure the safe and effective use of your reloading kit. Please read this manual thoroughly before using the product.

General Safety Guidelines

- Ensure that all components of the reloading kit are in good condition and free from damage before use.
- Always follow the instructions provided with each component of the kit.
- Keep the reloading kit out of reach of children and vulnerable individuals.
- Use the reloading kit in a wellventilated area to avoid inhalation of any harmful substances.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the kit.
- Be aware of the potential hazards associated with the materials used in reloading, including gunpowder and primers.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Big Boss Reloading Press:**

- Ensure the press is securely mounted before use to prevent movement.
- Keep hands and other body parts clear of the press during operation.

- **Model 2 Powder and Bullet Scale:**

- Calibrate the scale before each use to ensure accuracy.
- Avoid overloading the scale beyond its specified weight limit.

- **Powder Trickler:**

- Use the trickler only with compatible powders.
- Do not fill the trickler beyond its capacity to prevent spills.

- **Pad Style Case Lube Kit:**

- Use the lube sparingly to avoid contamination of the reloading components.
- Store the lube away from heat sources and direct sunlight.

- **Case Mouth Deburring Tool:**

- Handle the deburring tool with care to avoid cuts or injuries.
- Keep the tool clean and free of debris for optimal performance.

- **Powder Funnel:**

- Ensure the funnel is clean and dry before use to prevent contamination.
- Use the funnel to direct powder safely into cases.

- **Hodgdon Annual Reloading Magazine:**

- Refer to the magazine for safe reloading practices and updates on products.

Instructions for Installation and Usage

1. Setup:

- Choose a stable, flat surface for your reloading press.
- Securely mount the Big Boss Reloading Press according to the manufacturer's instructions.

2. Using the Scale:

- Place the scale on a level surface.
- Turn on the scale and allow it to warm up for a few minutes.
- Calibrate the scale using the provided calibration weight.

3. Reloading Process:

- Prepare your cases by cleaning and inspecting them for damage.
- Apply case lube evenly using the Pad Style Case Lube Kit.
- Use the Case Mouth Deburring Tool to chamfer and deburr the edges of the cases.
- Measure the appropriate amount of powder using the Model 2 Powder and Bullet Scale.
- Use the Powder Funnel to transfer powder into the cases carefully.
- Insert bullets into the cases and crimp as necessary.

4. PostUse:

- Clean all components after use to maintain their condition.
- Store the reloading kit in a cool, dry place away from children and pets.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash.
- Contact your local waste disposal authority for guidelines on the safe disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the BIG BOSS PROPAK RELOADING KIT, please refer to the manufacturer's website or customer service resources. Ensure you have the product details on hand when seeking support.

Please follow these safety instructions carefully to ensure a safe reloading experience. Thank you for choosing Redding!
