

## 5PK .060 DECAP PINS - 5PK HORNADY .060 DECAP PINS

[Reloading](#) > [Case Cleaning](#) > [Decapping Dies & Accessories](#)

Our new Stainless Steel Decapping Die is strong, straight and easy to adjust. This die will decap cases from 22 caliber and up including long cases like the Ultramags, and 338 Lapua Mag. PPC and BR cases with .060 inch flash holes are accommodated by simply inserting the included undersized decap pin. An optional decap rod assembly is available for 17 and 20 caliber cases. The die is shipped with three headed decap pins for standard .080 inch flash holes, two pins for .060 inch flash holes and our new stainless steel Sinclair Lock Ring. Decap pins are standard Hornady headed pins.

# Safety Instruction Guide for 5PK .060 Decap Pins

## Introduction

Thank you for choosing the 5PK .060 Decap Pins by Hornady. This product is designed to enhance your reloading experience safely and efficiently. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you are familiar with the operation of decapping dies and the specific requirements for your reloading setup.
- Always wear appropriate protective gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the decapping pins and other reloading components out of reach of children and pets.
- Regularly inspect the decapping pins and die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Sharp edges: The decapping pins may have sharp edges. Handle with care to avoid cuts.
  - Pin breakage: Ensure the pins are properly installed to prevent breakage during use.
- **Avoiding Hazards:**
  - Always use the decapping pins as intended and follow the instructions provided.
  - Do not use the product if it is damaged or if any parts are missing.
  - Ensure that the work area is clean and free from obstructions to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully remove the decapping die and pins from the packaging.
- Select the appropriate decap pin based on the flash hole size of your cases:
  - Use the standard .080 inch pins for standard flash holes.
  - Use the included undersized decap pin for .060 inch flash holes.
- Insert the chosen decap pin into the die according to the manufacturer's instructions.
- If using for 17 and 20 caliber cases, consider obtaining the optional decap rod assembly.

### 2. Usage:

- Ensure that the die is securely mounted in your reloading press.
- Insert the case into the die and align it properly.
- Operate the reloading press to decap the case, ensuring a smooth and controlled motion.
- After decapping, remove the case and inspect it for any issues.
- Store the decapping pins and die in a safe location when not in use.

## Disposal Instructions

- Dispose of any damaged or worn decapping pins and dies in accordance with local regulations.
- Do not dispose of reloading components in regular household waste. Instead, check with local recycling or hazardous waste facilities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's official contact channels. Ensure you have your product details available for a more efficient response.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the 5PK .060 Decap Pins. Thank you for your attention to safety.
