

SINCLAIR STAINLESS STEEL PILOTS - PILOT STOP, STAINLESS STEEL, 9.3MM

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Attributes

- Name: [PILOT STOP, STAINLESS STEEL, 9.3MM](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749008926
- Mfr. No.:
- Caliber: 9.3 mm (.366)
- Delivery weight: 0.023kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm

SINCLAIR STAINLESS STEEL PILOTS Safety Instruction Guide

Introduction

Thank you for choosing the SINCLAIR STAINLESS STEEL PILOTS. This guide provides important safety information and instructions for the safe use of this product. Please read this guide carefully to ensure proper usage and to minimize any risks associated with its use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, specifically for flash hole tools and neck thickness/variance gauges.
- Always inspect the product before use to check for any signs of damage or wear.
- Keep out of reach of children and vulnerable individuals. This product is not intended for use by children.
- Follow all instructions provided in this guide to ensure safe operation.
- Report any unsafe product experiences or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Only use the SINCLAIR STAINLESS STEEL PILOTS with compatible rifle and pistol cartridges ranging from 22 to 45 caliber.
- Do not use the pilots with .50 BMG cartridges, as the flash hole diameter is larger and may cause safety hazards.
- Wear appropriate personal protective equipment (PPE) such as safety glasses when using the pilots to protect against debris.
- Avoid using the pilots in environments where flammable materials are present.
- Ensure that your workspace is clean and organized to prevent accidents during use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that your flash hole tool and neck thickness/variance gauge are clean and in good working condition.

2. Installation:

- Insert the SINCLAIR STAINLESS STEEL PILOT into the designated slot of the flash hole tool or neck thickness/variance gauge.
- Ensure that the pilot is securely fitted and does not wobble.

3. Usage:

- Follow the manufacturer's instructions for your specific tool to ensure proper operation.
- Use steady and controlled movements when working with the pilot to avoid accidents.
- After use, remove the pilot carefully and store it in a safe place.

4. PostUsage Care:

- Clean the pilot after each use to prevent corrosion and maintain its performance.

- Store the pilot in a dry location, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the SINCLAIR STAINLESS STEEL PILOTS in accordance with local regulations.
- If the product is damaged beyond repair, ensure that it is disposed of safely to prevent injury to others.
- Do not dispose of the product in regular household waste if local regulations require special disposal methods for metal products.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the SINCLAIR STAINLESS STEEL PILOTS, please refer to the manufacturer's contact details provided with your product packaging or on the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of your SINCLAIR STAINLESS STEEL PILOTS. Thank you for your attention to safety!
