

6.5MM GRENDAL BRASS CASE - 6.5MM GRENDAL BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Hornady unprimed brass features tight tolerances, uniform concentricity, consistent weight and capacity. Their manufacturing processes ensure consistent bullet seating and uniform bullet release for optimal velocity and accuracy. Target shooters insist on uniform case wall thickness and tight tolerances. Hornady delivers this by treating brass as the foundation for an accurate cartridge, not as a commodity.

Safety Instruction Guide for 6.5MM GRENDEL BRASS CASE

Introduction

Thank you for choosing the 6.5MM GRENDEL BRASS CASE by Hornady. This product is designed for high performance in target shooting and reloading applications. To ensure safe use and optimal performance, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle ammunition components with care to prevent accidents.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and unauthorized individuals.
- Use only as intended, and follow all applicable laws and regulations regarding ammunition components.
- Regularly check for any recalls or safety notices related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the correct caliber and type of brass for your specific firearm.
- Inspect each brass case for any signs of damage or defects before use. Do not use damaged brass cases.
- Use appropriate personal protective equipment (PPE) such as safety glasses when reloading or handling ammunition components.
- Follow the manufacturer's guidelines for reloading to avoid overpressure situations and ensure safe operation.
- Be aware of your surroundings when using firearms and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment and components.
- Ensure your workspace is clean and organized.

2. Inspecting Brass Cases:

- Check each brass case for cleanliness and integrity.
- Remove any debris or foreign materials.

3. Reloading Process:

- Follow the specific reloading data for the 6.5MM Grendel caliber.
- Use a reliable reloading manual to determine the correct powder charge and bullet seating depth.
- Carefully fill each brass case with the appropriate powder charge.
- Seat the bullet firmly and ensure proper alignment.

4. Final Inspection:

- Inspect each completed cartridge for consistency and safety.
- Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.
- Check with local recycling centers for proper disposal or recycling options for brass materials.

Contact Information for Further Support

For any questions or concerns regarding the 6.5MM GRENDEL BRASS CASE, or to report unsafe products, please refer to the appropriate contact channels as required by local regulations.

Thank you for your attention to these safety instructions. By following these guidelines, you help ensure a safe and enjoyable experience with your 6.5MM GRENDEL BRASS CASE.
