

NT-5000 LARGE CALIBER NECK TURNING TOOL - NECK TURNING TOOL, LARGE, .35-.50 CALIBER, NT-5000

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Large caliber rifle cartridges are becoming more popular with competitive shooters and experimenters, and our customers have asked for a neck turning tool which will handle these large caliber cartridges. Our NT-5000 Neck Turning Tool enables the user to turn case necks from 35 to 50 caliber- even the massive BMG cases. This large caliber tool uses the same cutter adjustment system as our NT-1000 Neck Turner, and each cutter is hand stoned high-speed tool steel for the best possible cut finish. A Large Caliber Case Handle is furnished with each NT-5000 tool. Special large caliber Expander Dies (available for 7/8 inches -14 presses and one and half inch - 12 presses), and large caliber turning and expander mandrels are available individually or as part of a Large Caliber Neck Turning Tool Kit.

NT5000 Large Caliber Neck Turning Tool Safety Instructions

Introduction

Thank you for purchasing the NT5000 Large Caliber Neck Turning Tool. This tool is designed for turning case necks of large caliber rifle cartridges, making it suitable for competitive shooters and experimenters. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you are familiar with the tool's operation before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the work area clean and free from clutter to prevent accidents.
- Do not use the tool for any purpose other than its intended use.
- Ensure that all components are in good working condition before use.
- Always follow the manufacturer's instructions for maintenance and care.
- Be aware of your surroundings and ensure that others are at a safe distance while operating the tool.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended caliber range of .35 to .50 when using the NT5000 tool.
- Handle all components, including cutters and mandrels, with care to avoid injury.
- Ensure that the tool is securely mounted before beginning any operation.
- Do not attempt to modify the tool or its components.
- If you experience any difficulty during operation, stop using the tool immediately and consult the user manual.
- Keep hands and other body parts away from moving parts during operation to prevent injury.
- Use caution when handling sharp tools and components.

Instructions for Installation and Usage

1. Unpacking the Tool

- Carefully remove the NT5000 tool and all included components from the packaging.
- Inspect all parts for damage. Do not use if any parts are damaged.

2. Setting Up the Tool

- Securely mount the NT5000 tool to a stable work surface.
- Attach the Large Caliber Case Handle to the tool as per the instructions in the user manual.
- If using Expander Dies or mandrels, ensure they are compatible with the NT5000 tool.

3. Using the Tool

- Select the appropriate cutter for the caliber you are working with.
- Adjust the cutter according to the manufacturer's instructions to achieve the desired cut.
- Insert the cartridge case into the tool and ensure it is properly aligned.
- Turn the handle smoothly and steadily to begin the neck turning process.
- After use, clean the tool and components thoroughly to maintain their condition.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the tool reaches the end of its life, dispose of it responsibly. Consider recycling metal parts where facilities exist.
- Do not throw the tool in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, operation, or maintenance of the NT5000 tool, please consult the manufacturer's official website or customer service resources.

Thank you for prioritizing safety while using the NT5000 Large Caliber Neck Turning Tool. Enjoy your experience, and remember to always operate the tool responsibly.
