Safety Instruction Guide for 3DIE CARBIDE ROLL CRIMP SETS 480 Ruger

Introduction

Thank you for choosing the 3DIE CARBIDE ROLL CRIMP SETS 480 Ruger by RCBS. This product is designed for safe and effective use in reloading ammunition. Please read this safety instruction guide carefully to ensure proper handling and to maximize your safety while using this product.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines for safe operation.
- Ensure that your workspace is wellventilated and free from clutter.
- Keep the product out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Do not use the product if it appears damaged or malfunctioning.
- Store the product in a cool, dry place when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Be aware of potential hazards associated with reloading, including:
 - Exposure to lead dust and other chemicals.
 - Risk of accidental discharge of firearms.
 - Handling of sharp tools and equipment.
- Always work in a welllit area to clearly see your actions.
- Avoid distractions while reloading to maintain focus and accuracy.
- Check the compatibility of your components before use to prevent malfunctions.
- Never exceed the recommended load data provided in reputable reloading manuals.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials and tools, including the 3DIE CARBIDE ROLL CRIMP SET, reloading press, and protective equipment.
- Ensure that your work area is organized and free from hazards.

2. Installation:

- Secure the sizer die in your reloading press according to the manufacturer's instructions.
- Install the expander die and seater die in the appropriate order.
- Adjust the dies to the manufacturer's specifications for optimal performance.

3. Usage:

- Begin by resizing the brass cases using the sizer die. This die eliminates the need for case lubrication.
- Expand and bell the case mouths using the expander die to prepare for bullet seating.
- Use the seater die to properly seat the bullet and apply a taper crimp as needed.
- Inspect each completed round for defects before use.

4. PostUse:

- Clean your tools and workspace after completing your reloading session.
- Store the dies and components in a secure location.

Disposal Instructions

- Dispose of any empty brass cases, excess materials, or unused components in accordance with local regulations.
- Do not dispose of hazardous materials in regular waste. Consult local authorities for proper disposal methods.

Contact Information for Further Support

- For safety inquiries, recalls, or additional support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective reloading experience with your 3DIE CARBIDE ROLL CRIMP SETS 480 Ruger.
