

3-DIE HANDGUN SETS - REDDING 40 S&W/10MM AUTO 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Redding Die Sets for Handgun cases contain three dies. This is necessary because it is not possible to full length resize straight wall cases and expand the neck for proper bullet fit in one operation. The full length die contains a decapping rod assembly. The expander die contains a neck expanding plug. The seating die includes bullet guide, built-in crimp ring and the proper seating plug.

Safety Instruction Guide for 3DIE HANDGUN SETS REDDING 40 S&W/10MM AUTO 3DIE SET

Introduction

Thank you for choosing the Redding 3DIE Handgun Sets for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding reloading ammunition.
- Always use the equipment in a wellventilated area.
- Keep the work area clean and free from clutter.
- Store all components, including dies and tools, out of reach of children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, while handling reloading components.
- Regularly inspect your dies and tools for wear or damage before use.

Specific Safety Precautions for Use

• Handling Dies:

- Always handle dies with care to avoid injury.
- Do not attempt to modify or disassemble the dies unless instructed.

• Reloading Process:

- Follow the manufacturer's instructions for each step of the reloading process.
- Avoid overcharging cases with powder; always measure powder charges accurately.
- Ensure that the correct die is used for each step—decapping, expanding, and seating.

• Storage of Components:

- Store powder and primers in a cool, dry place, away from direct sunlight.
- Keep all materials in their original containers with labels intact.

• Emergency Procedures:

- In case of an accident or unsafe condition, cease operation immediately.
- Report any incidents to the appropriate authorities.

Instructions for Installation and Usage

1. Installation of Dies:

- Ensure that your reloading press is securely mounted.
- Install the fulllength sizing die first, following the manufacturer's guidelines.
- Next, install the expander die, ensuring it is adjusted properly for your cases.
- Finally, install the seating die, making sure the crimp ring and seating plug are configured correctly.

2. Using the Dies:

- Start with the fulllength sizing die to resize the cases.

- Use the expander die to expand the neck of the case for proper bullet fit.
- Load the bullet into the case and use the seating die to seat the bullet to the correct depth, ensuring proper crimping.

3. PostUse Care:

- Clean dies after use to remove any residue.
- Store dies in a protective case to prevent damage.

Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away hazardous materials in regular trash.
- Contact local waste management for guidance on the safe disposal of hazardous materials.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Redding 3DIE Handgun Sets, please reach out to the designated EU contact point provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable reloading experience. Always prioritize safety and adhere to local laws and regulations when using reloading equipment. Thank you for trusting Redding with your reloading needs.
