

NT-1500 DELUXE NECK TURNING TOOL - DELUXE NECK TURNING TOOL ONLY, NT-1500

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

The Sinclair NT-1500 Neck Turning Tool's ergonomic exterior is a slightly scaled down version of the premium model and features fine (80 threads per inch) adjustment on the cutter depth screw. The adjustment screw is engraved with hash-marks for easy fine-tune adjustment. Each mark on the adjustment screw corresponds to an approximate 0.001" change in cutting depth (0.00104" to be exact), making it extremely easy to adjust well within 0.0005" of a specific neck wall diameter. Fine cutting depth adjustment (0.001" Adjustments) High speed tool steel cutter Hard coat anodized finish The NT-1500 comes either by itself, or with the Sinclair Neck Turning Handle included and utilizes the same high speed tool steel cutter as our other neck turning tools. Excepts all Sinclair Mandrels .17 thru 338.

NT1500 Deluxe Neck Turning Tool Safety Instructions

Introduction

Thank you for choosing the NT1500 Deluxe Neck Turning Tool. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your tool. Please read this document carefully before using the product.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Use the tool only for its intended purpose as described in this manual.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the tool.
- Ensure that your workspace is clean, dry, and welllit to prevent accidents.
- Never attempt to modify or alter the tool in any way.

Specific Safety Precautions for Use

- **Cutting Depth Adjustment:**
 - Make adjustments to the cutter depth screw only when the tool is not in use.
 - Do not exceed the recommended cutting depth to avoid damaging the tool or causing injury.
- **Handling:**
 - Always handle the tool with care to prevent accidental injury.
 - Use both hands when operating the tool to maintain control.
- **Mandrel Compatibility:**
 - Ensure that the mandrel used is compatible with the NT1500 tool to prevent malfunction.
- **Storage:**
 - Store the tool in a dry place, away from moisture and extreme temperatures.
 - Use the original packaging or a protective case for storage to prevent damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the tool is placed on a stable surface.
- Attach the appropriate Sinclair Mandrel securely to the tool.
- If using the Sinclair Neck Turning Handle, attach it as per the instructions provided with the handle.

2. Usage:

- Adjust the cutter depth screw by turning it clockwise to decrease depth and counterclockwise to increase depth. Each mark on the screw represents an approximate 0.001" change.
- Begin the neck turning process by carefully guiding the tool along the neck of the case.
- Monitor the cutting depth frequently to ensure it remains within the desired specifications.
- After use, clean the tool to remove any debris or residue.

Disposal Instructions

- Dispose of the tool in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the tool in regular household waste.
- Consider recycling options available in your area for metal and electronic products.

Contact Information for Further Support

For any safety inquiries or further support, please contact the manufacturer or the retailer from whom you purchased the NT1500 Deluxe Neck Turning Tool. Always ensure you have your purchase details available for reference.

By following these safety instructions, you can ensure a safe and effective experience with your NT1500 Deluxe Neck Turning Tool. Thank you for your attention and safe usage!
