

# ULTRALIGHT RINGS - 30MM X-HIGH 1.375" 4 SCREW ULTRALIGHT RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Designed to fit Mil-Std. 1913 scope bases, Nightforce rings are precisely manufactured to match the machined recess of a Nightforce Mil-Std. 1913 base, providing perfect alignment and accuracy. Nightforce rings are designed and produced in-house to exacting specifications entirely out of steel or from 7075-T6 aluminum with beta series titanium crossbolts and jaws. All Nightforce rings are 100% micro-radiused and honed in pairs for perfect fit of 30mm scope tubes to prevent the possibility of the rings damaging your scope.

# ULTRALIGHT RINGS 30MM XHIGH 1.375" 4 SCREW

## ULTRALIGHT RINGS Safety Instructions Guide

### Introduction

Thank you for choosing the ULTRALIGHT RINGS 30MM XHIGH 1.375" 4 SCREW ULTRALIGHT RINGS by Nightforce. These scope rings are designed to provide a secure and precise mounting solution for your scope. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

### General Safety Guidelines

- Ensure that the product is suitable for your specific scope and firearm.
- Always handle the rings and your firearm with care to prevent accidents.
- Inspect the rings for any damage or wear before each use.
- Store the rings in a dry and secure location when not in use.
- Follow all local laws and regulations regarding firearm accessories.

### Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to scope misalignment or damage.
  - Failure to secure the rings properly may result in the scope detaching during use.
- **Avoiding Hazards:**
  - Always use the appropriate tools for installation.
  - Do not exceed the manufacturer's recommended torque specifications when tightening screws.
  - Ensure that the rings are compatible with your scope's diameter (30mm).

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your firearm is unloaded and pointed in a safe direction.

#### 2. Installation Steps:

- Place the scope rings onto the Picatinny rail of your firearm.
- Align the rings with the machined recess of your scope base.
- Insert and handtighten the screws to secure the rings temporarily.
- Position the scope within the rings and ensure it is level.

#### 3. Final Tightening:

- Refer to the manufacturer's specifications for the correct torque settings.
- Using a torque wrench, tighten the screws to the specified torque to secure the rings firmly.

#### 4. Usage:

- Regularly check the tightness of the rings, especially after heavy use or transport.
- If you notice any movement or looseness, stop using the firearm and recheck the installation.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal and aluminum components.

## **Contact Information for Further Support**

For any questions or concerns regarding the ULTRALIGHT RINGS, please refer to the manufacturer's website or customer support resources for assistance.

Thank you for your attention to these safety guidelines. Proper use and care of your ULTRALIGHT RINGS will enhance your shooting experience while ensuring safety.
