

UNIMOUNTS - 30MM 1.125" 20 MOA UNIMOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The Nightforce Unimounts are designed to remain on the scope at all times, allowing quick removal of the scope or interfacing with different firearms. It is the most accurate Mil. Std. 1913 mount available, incorporating a built-in 20 MOA taper to maximize long-range capability. The Unimount is the ultimate mount for attaching to weapons with an integral Mil. Std. 1913 flat top-type receiver. Precise tolerances ensure that the riflescope is not subjected to stress, strain or bending as the ring screws are tightened. CNC machined from 7075-T6, the Unimount is finished with a matte black coating.

Attributes

- Name: [30MM 1.125" 20 MOA UNIMOUNT](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 749012016
- Mfr. No.: A190
- Elevation: -
- Finish: Matte
- Height: High
- Scope Tube Diameter: 30mm
- Style: -
- Delivery weight: 0.204kg
- Shipping height: 61mm
- Shipping width: 84mm
- Shipping length: 150mm
- UPC: 847362003832

UNIMOUNTS 30MM 1.125" 20 MOA UNIMOUNT

Safety Instructions

Introduction

Thank you for choosing the UNIMOUNTS 30MM 1.125" 20 MOA UNIMOUNT. This guide provides essential safety instructions to ensure the safe use and installation of your mount. Please read this guide carefully before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the mount is compatible with your specific riflescope and firearm.
- Always handle firearms and accessories with care and follow standard safety practices.
- Regularly inspect the mount for signs of wear or damage before each use.
- Ensure that the mount is securely attached to the firearm before use.
- Keep the mount and firearms out of reach of children and unauthorized users.
- In the event of a product recall, follow the instructions provided to ensure safety.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to scope misalignment or detachment.
- Tightening screws excessively can cause damage to the mount or scope.
- Using the mount with incompatible firearms may result in failure during use.

- **Avoiding Hazards:**

- Always follow the installation instructions carefully.
- Use the appropriate tools and torque specifications as recommended.
- Do not exceed the recommended tightening torque for screws.
- Do not modify the mount or its components in any way.

- **Age and Audience Specific Warnings:**

- This product is intended for use by individuals who are familiar with firearms and their operation.
- Keep out of reach of children and ensure that any use involving minors is supervised by a responsible adult.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Place the mount onto the integral Mil. Std. 1913 flat toptype receiver of the firearm.
- Align the mount according to the manufacturer's specifications.
- Secure the mount using the provided screws. Do not overtighten.
- Doublecheck the alignment and stability of the mount before attaching the scope.

2. Usage:

- Once installed, attach the riflescope according to its specific mounting instructions.
- Regularly check the mount and scope for tightness and alignment during use.

- If any issues arise, such as loosening or misalignment, stop using the firearm immediately and inspect the mount.

Disposal Instructions

- Dispose of the UNIMOUNTS 30MM 1.125" 20 MOA UNIMOUNT and any packaging materials in accordance with local regulations.
- Do not dispose of the mount in household waste. Check for local recycling programs or designated disposal facilities for metal components.

Contact Information for Further Support

For any further inquiries regarding safety or product usage, please contact the manufacturer or refer to official resources. Keep this guide for future reference.

Thank you for your attention to these safety instructions. Your safety and the safe use of the UNIMOUNTS 30MM 1.125" 20 MOA UNIMOUNT is our top priority.
