

HAND HELD OUTSIDE NECK TURNER PILOTS - FORSTER PRODUCTS, INC. #505 NECK TURNER PILOT FOR 0.505" BULLETS

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Forster's easy-to-use hand-held neck turning tool helps you take the next step toward cartridge-to-cartridge consistency. It features a carbide cutter with a micrometer-style adjustment knob for precise material removal to give cases consistent wall thickness that improves bullet-to-bore alignment. The aluminum holder retains the case firmly with a simple turn of the knob; holds up to .592" base diameter. Large case holder available for cases from .593" to .812" base diameter. Requires a pilot that's specific to the case mouth diameter; sold separately, see table below. Pilots are precision-ground .002" to .0025" smaller than the bullet diameter.

Attributes

- Name: [FORSTER PRODUCTS, INC. #505 NECK TURNER PILOT FOR 0.505" BULLETS](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instructions for the Hand Held Outside Neck Turner Pilot

Introduction

Thank you for choosing the Hand Held Outside Neck Turner Pilot by Forster Products, Inc. This tool is designed to enhance your cartridge reloading process by providing consistent wall thickness and improved bullet bore alignment. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always read and understand the instructions before using the tool.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if damaged.
- Store the tool in a dry, safe place when not in use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect your eyes from debris.
- Use the tool in a welllit area to ensure visibility during operation.
- Avoid wearing loose clothing or jewelry that may become entangled in the tool.
- Ensure that your hands are dry and free from moisture while handling the tool.
- Do not exceed the specified case diameter limits to avoid tool malfunction.
- Always follow the manufacturer's guidelines regarding the use of specific pilots for different case mouth diameters.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the Hand Held Outside Neck Turner Pilot, the appropriate pilot, and a case to be turned.
- Ensure that the workspace is clean and organized.

2. Installation:

- Select a pilot that is specific to the case mouth diameter you are working with. Ensure it is compatible with your tool.
- Insert the pilot into the neck turner tool according to the manufacturer's instructions.
- Adjust the carbide cutter using the micrometerstyle adjustment knob to achieve the desired material removal.

3. Usage:

- Firmly secure the case in the aluminum holder by turning the knob until it is snug.
- Hold the tool steady and begin turning the case slowly and evenly.
- Monitor the thickness of the case wall as you proceed, making adjustments as necessary.
- Once the desired thickness is achieved, carefully release the case from the holder.

4. PostUsage:

- Clean the tool after use to remove any debris or residue.
- Store the tool and pilots in their designated places to prevent damage and ensure longevity.

Disposal Instructions

- Dispose of any broken or unusable parts in accordance with local regulations.
- Recycle materials when possible, especially metal components.

Contact Information for Further Support

For any questions or concerns regarding the Hand Held Outside Neck Turner Pilot, please refer to the contact information provided on the packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Hand Held Outside Neck Turner Pilot. Thank you for your attention to safety and enjoy your reloading process!
